

## LABOR BOARD WILL MAKE WAGE REVISION

### UNSKILLED LABOR MUST SUBMIT TO WAGE REDUCTION

**Says That Prevailing Conditions Justify This  
to Some Extent—Action Wholly Unex-  
pected—Full Text of the Announcement  
is Given—1,000,000 Workers Are Affected**

(By The Associated Press)  
CHICAGO, May 17.—The United States railroad labor board late today announced its intention of revising downward the wages of more than 1,000,000 unskilled rail workers effective July 1.  
The amount of the decrease was not announced but will be made public on June 1.  
At the same time the board announced that it would hold hearings on June 6 regarding proposals by the roads to decrease the wages of other classes of employees and would also make its decision in these cases effective on the same date. A similar decision in the case of skilled workers would mean a cut in the pay of practically every railway worker in the country on July 1 and would affect approximately 2,000,000 men.

### LEADERS COME OUT IN SUPPORT OF AMENDMENT

**Seems Certain Disarmament Clause Will  
be Inserted in Bill**

(By The Associated Press)  
WASHINGTON, May 17.—Senator Borah of Idaho, and those associated with him in the senate on questions of naval policy virtually won their fight today for incorporation in the \$500,000,000 naval appropriation bill of the Borah amendment requesting the president to call a naval disarmament conference of the United States, Great Britain and Japan.  
Senator Poindexter, Republican, Washington, in charge of the naval bill and other administration leaders suddenly came to the support of the amendment and leaders generally joined in predictions of adoption of the disarmament proposal.

Altho Senator Poindexter and other Republican leaders said that they had not heard further from President Harding regarding his attitude toward the Borah proposal there were reports that both by letter and telephone the president had been in communication with Republican leaders. The change in the situation occasioned considerable surprise and to Senator Borah much gratification.

**Tolson President's Preference**  
Senator Poindexter announced recently that the president preferred not to have the Borah amendment adopted while Senator Hale, Republican, Maine, also had said he understood the president had regarded it as unnecessary.

Despite the developments in the disarmament controversy no progress was made today on the bill. Senator King, Democrat, Utah and LaFollette, Republican, Wisconsin, again spoke at length in criticism of the appropriation program, but tomorrow it was expected that the senate would dispose of many amendments proposed by the naval committee. The virtual agreement on the disarmament provision it was said, would not affect the fight for and against the committee increases over the measure as passed by the house, aggregating about \$100,000,000.

**SPALDING LIBRARY GOES  
TO PUBLIC LIBRARY**  
San Diego, Cal., May 17.—Announcement was made here today by Mrs. Elizabeth C. Spalding, widow of the late A. G. Spalding, who for years was a leader of baseball and later a manufacturer of equipment used in the playing of the national game, that extensive Spalding Baseball Library has been given to the public library of New York City. A letter received from E. H. Anderson, director of the New York public library, accepted the gift and expressed appreciation.

**SENATE CONFIRMS  
MADISON APPOINTMENT**  
Washington, May 17.—The nomination of Charles C. Madison to be district attorney of the Western Missouri district was confirmed today by the senate without opposition.

### PRESSING NEED OF STABILIZING FOREIGN EXCHANGE

**Americans Must Sell  
What Foreign Im-  
porters Want**

(By Associated Press)  
NEW YORK, May 17.—The pressing need of stabilizing foreign exchange and the necessity of American exporters making greater efforts to sell what foreign importers want, in order to build up American trade were pointed out to the National Association of Manufacturers today by representatives of several foreign countries.  
Lyuming C. Suez, Chinese consul in New York; Dr. Julio Bianchi, minister from Guatemala; Sadigh-Es-Saltaneh, minister from Persia; Dr. R. H. Elizaide, minister from Ecuador, and Senator Roland Ricci, the Italian ambassador outlined trade conditions with their respective countries. The note principally stressed by each was the depressing influence of unfavorable exchange rates.

Latin-America is ready to do its share, Dr. Bianchi declared, but its buying capacity must be increased. American money can profitably be used, he said.

**Ecuador Faces Losses**  
Importers of Ecuador face huge losses due to the depreciation of exchange, Dr. Elizaide declared, and suggested this country either grant long time credits, or invest the millions held in banks there to the credit of American manufacturers. To capture and hold the Chinese trade, the United States needs a strong central organization to standardize methods and to make a wide study of eastern needs, Mr. Suez said.

The Peruvian minister urged the establishment of a direct freight steamship service to the Persian gulf and also a parcel post service to solve many small trade problems. Italy is facing the after-war crisis without need of foreign help or credits, Ambassador Ricci declared.

**Italian Industries Sound**  
Italian industries are sound and able to stand the world upsetting crisis, he maintained.

There was nothing greedy or vengeful in the recent agreement made with Germany, Ambassador J. J. Jusserand of France, declared in an address at the afternoon session.

"We did not imitate the Germans," he added "when they claimed for us in 1871 an indemnity for their war expense."

The association tonight made public statement which said the incoming president would appoint an impartial investigating committee to inquire into such matters relating to the conduct of the association as shall be definitely specified and presented to it by the voluntary committee.

The voluntary committee represents more than 150 members who made charges of maladministration against certain association officials and asked for certain reforms in administration policies.

**STOWAWAY TOM CAT  
GOES TO AUSTRALIA**

Made Trip in Automobile Crate—  
Being Taken Back Home by  
Mr. and Mrs. C. G. Pool of Detroit.

(By The Associated Press)  
San Francisco, Cal., May 17.—A stowaway tom cat that made its home in an automobile crate shipped from Detroit to Sydney, Australia, and apparently subsisted on grease and the leaves of an instruction book for seven weeks, arrived here today on its way home to Detroit, traveling deluxe with passport, an insurance policy and two guardians, Mr. and Mrs. C. G. Pool, of Detroit.

As the Australian government allows no importation of such animals, Pool and his wife decided to take the animal home with them. He said the cat appeared to be lifeless when the crate was opened, but revived at a veterinary hospital.

### Distributive School Fund Is Sliced Down

(By The Associated Press)  
SPRINGFIELD, Ill., May 17.—By a vote of 31 to 15 the senate tonight cut the Spence appropriation for the distributive school fund from \$20,000,000 to \$12,000,000, while the house held its first test on the administration utilities bill. Administration forces aided by six Democrats defeated an effort to postpone consideration of the utilities bill until next week. The vote was 70 to 67.

Reduction of the proposed \$20,000,000 distributive fund was made by an amendment offered by Senator Barr as a substitute for Senator MacMurray's amendment cutting the appropriation to \$9,000,000 annually.

The senate cut still leaves an increase of one hundred per cent over the \$6,000,000 annual appropriation for the schools.  
Rumor that the senate would set the figure at \$12,000,000 leaving the house to make another reduction with Governor Small possible making a third was taken up by Senator Barbour in supporting the MacMurray amendment for \$9,000,000.

"What is the use of passing the buck to the house or the governor?" Senator Barbour asked. "You don't know that this governor is going to take the buck."

Senator Spence declared that \$20,000,000 represents the actual needs of the schools to equalize educational opportunities and school expenses throughout the state.

That the appropriation would increase the tax burden was the principal argument used against an appropriation of \$20,000,000. Changes in the methods of dis-

tribution would benefit the schools greater than the big increase asked by the teachers, Senator Hicks of Rockford declared.

Distribution on the basis of the federal census, Senator Hicks said, opens the way to fraud, adding that some districts have been known to list more persons under 21 years old than the total population of the district.

"If we could levy the two mill tax provided by the law of 1855 on all the taxable property in the state we could get \$150,000,000," Senator Spence declared.

In reciting the history of the distributive fund he told how in 1873 the law was amended to give the schools \$1,000,000 in lieu of the two mill tax and how the appropriation was subsequently increased to \$2,000,000 in 1911, \$3,000,000 in 1913, \$4,000,000 in 1915 and \$5,000,000 in 1919.

Seventeen amendments to the Illinois commerce commission bill, the administration utilities measure, were offered by Representative Holaday, majority leader.

The contest of the bill tonight marked the first activity of former Speaker David E. Shanahan in this session of the legislature. His losing fight for postponement of the bill was made on a claim that a hearing should be held before the measure is advanced.

Representative Holaday in urging defeat of Shanahan's motion declared that the move to postpone consideration was made for the purpose of delaying the bill and that the session was growing too short to make any additional delays.

**DOES NOT BELIEVE  
LIFE BOAT FROM  
MISSING VESSEL**

**Captain Robert Morris Says  
Picked up too Far Out  
of Course**

(By The Associated Press)  
SAN FRANCISCO, May 17.—Captain Robert Morris, assistant commandant of the 12th naval district today said it was "very improbable" that the life boat picked up by the Steamship Senator off the Lower California coast could have belonged to the missing navy tug Conestoga.

The point where the life boat was found was on the route to Panama and 800 miles out of the Conestoga's course to Honolulu, according to Captain Morris. Identification by means of the letter "C" is valueless, he said, on account of the number of vessels whose names begin with that letter.

Records at Washington should show to what vessel the number on the life boat's plates belonged, he stated.

**Wireless News**  
San Diego, Cal., May 17.—News of the finding adrift of a row boat belonging to the missing navy tug Conestoga was wireless here late today by Captain Sohst of the Steamship Senator of the admiralty.

### PUBLIC HEARINGS IN BERGDOLL CASE TO BE CLOSED TODAY

**Committee Satisfied  
of Death of Gibboney  
Bergdoll Counsel**

(By The Associated Press)  
WASHINGTON, May 17.—The house committee investigating the escape of Grover Cleveland Bergdoll, the draft dodger expects to close public hearings tomorrow.

It was established to the satisfaction of the committee today that D. Clarence Gibboney, counsel for Bergdoll and the man who is said to have arranged the expeditions to the mountains of Maryland to find gold believed buried there, was drowned in Mexican waters last winter. Because of persistent reports that Gibboney was alive on foreign soil, the committee called Dr. William H. T. Collins, a Philadelphia dentist who stated positively that Gibboney was dead.

The dentist said he had examined the body shipped to Philadelphia from Mexico, and that identification was established by the teeth.

**Son Called to Stand.**  
Gibboney's young son was called as a witness but said he knew nothing about the Bergdoll case. He presented a check for \$550 signed by his father shortly after the prisoner's escape and made out in the name of Francis D. Weaver an associate of former Judge John W. Westcott of New Jersey, but he was unable to say for what purpose the money was paid.

Major Bruce Campbell, who defended Bergdoll at his trial by court martial for evading the draft and who, according to previous testimony, had suggested to the Bergdolls that Judge Westcott be kept in the background, declared he never heard the judge's name mentioned and knew nothing of any report that he was counsel for the defense.

From the beginning Judge Westcott has denied all part in the case. He has contradicted the testimony of Samuel T. Ansell, formerly acting judge advocate general of the army and Edward S. Bailey, his law partner, that he also represented the slacker.

**ORDER MONEY TURNED  
OVER TO CUSTODIAN  
OF ALIEN PROPERTY**

**Was Secured from Sale of  
Shares of Southern Pacific Railroad**

(By The Associated Press)  
ST. PAUL, Minn., May 17.—Judge Walter H. Sanborn and Judge William C. Hook, of the United States circuit court of appeals, today ordered the Central Union Trust company of New York to turn over the proceeds of the sale of 532 shares of Southern Pacific railroad stock owned by parties in Germany, to Thomas W. Miller, custodian of alien property.

The stock was ordered seized in May, 1918, by A. Mitchell Palmer, then custodian of alien property. The value of the stock is estimated to be close to \$50,000.

**MARINE WORKERS  
DECLINE INVITATION**

(By The Associated Press)  
NEW YORK, May 17.—Thomas B. Healey, chairman of the marine engineers strike committee announced tonight that heads of striking marine workers had declined an invitation of Secretary of Labor Davis to visit Washington tomorrow in another attempt to bring about a settlement of the nationwide marine strike.

Secretary Davis' proposal for a settlement of the strike, union leaders said, involved their acceptance of the fifteen per cent wage reduction ordered into effect by ship owners May 1.

**OMAHA SURGEON TO  
BUILD EARS ON CHILD**

Omaha, Neb., May 17.—An Omaha surgeon performed a second operation at a hospital today on the three months old son of Mr. and Mrs. C. C. Brown in an effort to build ears for the child who was born without a pair.

The operation was to provide a left ear. The first operation, performed about three weeks ago, was on the right side. Small bits of cartilage on either side of the child's head formed the foundation on which the surgeon made his start. Flesh and skin from other parts of the infant's body are being used in the building up process.

**ARMY TRANSPORT  
BRINGS BODIES**  
New York, May 17.—The army transport Wheaton arrived today with the bodies of 5,212 American soldiers who died in France and Belgium. She will dock tomorrow.

### MINERS WILL JOIN IN FORMULATION OF WAGE NEGOTIATIONS

**Indianapolis Convention Will Frame the Policies to Govern Anthracite and Bituminous Workers—The Latter Will Set the Pace in the Future Wage Negotiations**

(By The Associated Press)  
NEW YORK, May 17.—The anthracite mine workers will join forces with the bituminous miners in formulating policies which will govern the negotiation of new wage agreements with the coal operators to take the place of the present contracts which expire May 31, 1922.

This action, which will consolidate the ranks of the 500,000 organized miners in the country was decided upon today at a conference between international officers of the United Mine Workers of America and the president and international board members of the three union districts comprising the anthracite coal region.

The conference decided that the anthracite tri-district convention which is usually held in August for the purpose of drawing up the new wage demands should be postponed until after the international convention of the mine workers, which opens at Indianapolis on September 20. At this international gathering the bituminous workers frame their wage proposals.

**Will Frame Policies**  
John L. Lewis, international president of the United Mine Workers, explained that under this arrangement the Indianapolis convention would frame policies that would govern both factions of miners in their wage negotiations and the extent and method of their cooperation after this meeting would complete their demands.

"This is a strategic move in the interest of harmony and cooperation," said Thomas Kennedy of Hazelton, Pa., chairman of the tri-district executive board. "Under this arrangement, however, the autonomy of the anthracite organization of miners is guaranteed and we will negotiate our own wage scales as usual."

"The national convention will decide as to how far we shall back each other in our coming negotiations with the operators."

**Soft Coal Mines to Set Pace**  
Officials of the anthracite miners pointed out that under the new plan the bituminous miners would "set the pace" in the wage negotiations instead of the hard coal workers as in the past, when their convention preceded the national meeting.

"Today's conference developed the fact," said President Lewis in a formal statement at the close of the meeting, "that the United Mine Workers' organization in the anthracite fields is in a most satisfactory condition. It's numerical strength in those fields is greater than ever before with complete harmony in its membership and more influential than ever before."

Mr. Kennedy said the membership of the miners' organization at the present time in the hard coal region was approximately 120,000. Virtually all mines in the region, he said, were operating.

**SEES NO NEED OF  
FEDERAL TROOPS**

(By The Associated Press)  
WASHINGTON, May 17.—President Harding informed Governor Morgan of West Virginia late today that he did not feel disposed to use federal troops in the tug river section of the Kentucky-West Virginia border until he was more definitely satisfied that the state forces had exhausted all their resources.

The decision was reached after many conferences between the president, Secretary Weeks and other administration officials and was conveyed to the West Virginia governor in a telegram sent by Secretary Christian.

**NEWSPAPER PUBLISHERS  
ENDORSE ZONE POSTAGE**

Chicago, May 17.—Two hundred and sixty-three newspaper publishers of the central west as represented by the Inland Daily Press association at a semi-annual meeting today, adopted a resolution endorsing the zone postage rate which four years ago they vigorously opposed. Opposition to the 44 hour weekly schedule for the printing trades as affects the publisher also was voiced. Ben S. Herbert of Chicago recommended the opening of a Chicago office of the association.

**FOOD COSTS SHOW  
THREE PER CENT DECREASE**

Washington, May 17.—A decline of three per cent in retail food costs of the average family for April as compared with March in Springfield, Illinois, was reported today by the labor department.

### DEFER ACTION ON MUNICIPAL FREE BRIDGE QUESTION

**Involves Exemption of  
\$7,000,000 Bridge  
from Taxation**

(By The Associated Press)  
SPRINGFIELD, Ill., May 17.—Action by the joint senate and house road and bridge committees on Missouri's treaty with Illinois over the Municipal Free Bridge between St. Louis and East St. Louis was deferred today following a hearing on the Missouri resolution.

Efforts by the city of St. Louis to secure exemption from Illinois taxation for its \$7,000,000 bridge over the Mississippi river date back to the early days of constitutional convention and court actions which were carried to the supreme court of Illinois and in which the Missouri city lost.

By adoption of the resolution, Illinois would agree to exemption of the Illinois end of that bridge from taxation with Missouri agreeing to maintain forever a free bridge between the two states.

D. O. Thomas, county superintendent of highways in St. Clair county told the committee that any action the legislature would take would probably be unconstitutional in view of a recent supreme court decision in which the rights of East St. Louis to assess taxes against the Illinois end of the bridge were upheld.

**UNION PACIFIC  
PROPOSES WAGE CUT**

Omaha, Neb., May 17.—A proposal to reduce wages of some of its employees, including shop employees and telegraphers, the reduction to be effective July 1, is made by the Union Pacific railroad company in a circular which proposes a series of conferences here on the subject starting May 23, with representatives of the labor organizations affected.

**WEATHER REPORT**  
Illinois: Generally fair Wednesday; cooler in north portion; Thursday unsettled.

Daily, by mail, 3 months..... 2.50  
Daily, by mail, 1 year..... 6.00

Entered at the postoffice in Jacksonville, as second-class mail matter.  
Member the ASSOCIATED PRESS. The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it or not otherwise credited to this paper.

The questions submitted by Mr. Edison may indicate the persons qualified to enter the employment of his company. However, the information required to answer the most of the questions has no practical value to the average man or woman.

William D. Haywood wires that everything is lovely in Russia, that women and children

and all workers have their inalienable rights and live in comfort, almost luxury. In fact, Mr. Haywood indicates that Russia is heavenly in its condition, while practically every other witness says that the country is like hell.

The senate yesterday cut down the proposed \$20,000,000 distributive fund to \$12,000,000. The house is expected to take off another slice and Gov. Small may also use the pruning knife for tax economy's sake. Even then the bill will show a very substantial advance over the highest sum levied in previous years.

Some of the papers that criticize the movies still with clear conscience continue to publish stories about the Stillman case. One of the worst things about the salacious details of that controversy is that a part of the reading public is led to think that such conditions are general among the wealthy. The fact is that such occurrences are not more frequent among the rich than among people in humble financial circumstances.

A neurologist of high standing said the other day that it would be a fine thing if this state had no board of pardons. "When a man commits murder or some other crime of that class, he ought to be put away and kept put away," said this physician. "Yet it seems a very easy thing for some of the worst criminals to regain their freedom after they have been convicted and sent to the penitentiary."

The remark was made in commenting upon the present prevalence of crime and the story that the recent wreck of the Chicago Hummer was the result of a deliberate attempt on the part of some one or more criminals. In Chicago the police are kept busy rearresting for crimes committed criminals out on parole.

The critical condition of Chief Justice White of the supreme court will bring rumors as to the possible appointment in his stead. In fact the ill-health of the chief justice and the fact that he is now seventy-six years of age had already caused some speculation as to his successor.

Secretary Hughes has been prominently mentioned. There is no doubt as to his qualification, but it does not seem likely that he would have accepted the most important post in the Harding cabinet if he had the thought of an early appointment to the supreme court.

It has been a matter of common knowledge that President Harding will probably have two or three court vacancies to fill during his term of office. It was Mr. Taft who appointed Chief Justice White and no man could

better fill the possible vacancy than the ex-president himself.

## HUSBAND TAKES STAND IN WIFE'S DEFENSE

Facing Charge of Throwing Acid in School Teacher's Face—Fortune Teller Gets Her in Bad

PRESCOTT, Ariz., May 17.—Clarence V. Hopkins, husband of Mrs. Anna Irene Hopkins, today took the stand in defense of his wife, who is on trial here charged with having thrown acid into the face of Miss Lucille Gallagher, a school teacher of Jerome, Ariz., March 31.

Mr. Hopkins, who is a former official of the United Verde Copper company told of his wife's visit to the stand in defense of the effects of the prophecies of the fortune teller on Mrs. Hopkins.

He said Mrs. Hopkins told him the fortune teller told her that she saw Mr. Hopkins enter a cafe and later saw a married woman and a single woman enter and that still later she saw him go out with one of the women.

Mr. Hopkins also said that Mrs. Hopkins did not consider him capable of managing their affairs and had put detectives on his trail.

## NEW YORK FIRM TO BUILD JAP SHIP

NEW YORK, May 17.—A contract for the construction in the United States of a 20,000-ton electrically driven combination fuel supply ship for the Japanese navy was signed today with the New York Shipbuilding Corporation.

This announcement was made by Captain M. Yokura, chairman of the imperial Japanese naval commission which recently arrived in this country.

Captain Yokura characterized the placing of this contract as evidence of the cordial good feeling which Japan has for the United States.

George J. Baldwin, chairman of the directorate of the shipbuilding corporation, said that this was the first contract placed by Japan in the United States for a naval vessel in many years. England alone being entrusted with such work.

## ROBBERS HOLD UP EXPRESS WAGON

CHICAGO, May 17.—Six robbers armed with shotguns early today held up an American Railway Express wagon, shot one of the guards, kidnapped two others and escaped with a small safe supposed to contain a valuable shipment of jewelry consigned to Minneapolis and St. Paul. The safe was being taken to the union passenger station to be put aboard Train No. 49, on the Chicago, Burlington & Quincy railroad.

Under the law it is necessary that all personal property schedules be filed with this office by Friday, May 20. All persons who make personal schedules are therefore asked to take immediate action.

Grant Graff,  
Treasurer and Assessor.

## CONSERVATORY GLEE CLUB GOES TO CHAPIN

Students of Conservatory Gave Concert Program Last Night at Chapin Under Direction of Clayton C. Quast.

The Girls' Glee club of the Illinois Conservatory of Music went to Chapin last night and gave a program before a large audience there. The club is under the direction of Clayton C. Quast and in the program last night gave ample proof of excellent training.

The program was as follows:

Carmena.....Wilson  
Chit Chant.....Moffat  
Nearest and Dearest.....Caraciolo  
Glee Club

Vocal—  
Sing to Me, Sing.....Homer  
The Moon Drops Low.....Cadman  
Ruth Armstrong  
The Heavens are Telling.....Hayden  
God of all Nature.....Tschakowsky  
Glee Club

Reading—  
The Sign of the Cleft Heart  
I ain't Gonna Cry No More.....Riley  
Irma Bower

Vocal—  
The Birthday.....Woodman  
One Fine Day—from Madame Butterfly.....Puccini  
Josephine Conboy

Violin—  
Russian Dance.....Zimbalist  
Pierrot Serenade.....Randelger  
From the Canebrake.....Gardner  
Eloise Capps

The personnel of the club follows:  
Soprano—Anna Dailey, Marie Thomas, Alice Lucille Spann, Faith Porter, Violet Murphy, Josephine Conboy, Laura Jones, Esther Dunham, Mary Duncomb, Suzanne Mayer, Wilma Williamson, Mildred Fredlin, Mezzo-Soprano—Winifred Butcher, Helen Wyle, Alice Bray, Marjorie Black.  
Contraltos—Virginia Spink, Frances Strawn, Blanche Tripp, Ruth Armstrong.

## H. S. DEBATING SOCIETY ELECTIONS OFFICERS

The High School Debating society met Monday evening for the last time this year. Plans for the coming year were discussed and much interest in the growth and progress of the society was manifest.

The following officers for next year were elected:

President—Harry Furry.  
Vice President—Frances Griswold.  
Secretary—Catherine Wilson.  
Critic—Mary Sim.  
Miss Emma Mae Leonard is the debating coach.

## TELEPHONE STOLEN FROM C. &amp; A. STATION

Some time during Monday night a thief made away with the Bell telephone from the C. & A. booth. The theft was discovered until morning and there is no clue to the identity of the thief. The telephone contained a small amount of money deposited as tolls and it was to secure this that the instrument was torn from its fastenings and taken from the station.

## OLD JACKSONVILLE

THE HONEY BEE

(BY ENSLEY MOORE)  
Member Illinois State Historical Society

The caption above made may not strike the ordinary Jacksonville of today as very pertinent. Yet in bygone days the little insect exerted a wonderful power here, and throughout the early Far West—which ended at the Mississippi river.

One day about 1885 the writer was amusing some children, and himself, by fishing just south of the "Red bridge" out on the Mercedosa road. There was some "native" at hand—whom the writer had forgotten.

A rather singular appearing man appeared from the woods, and the writer said to the "native," "who is he?" The reply was, "He is a Bee man." This meaning that he was often hunting "beetles," or "bee-gums."

This writer has often wondered, and has never had the answer, why the early settlers used beeswax as a sort of currency—a means of trade. This was one of the features of our early settlers life, and a valuable one.

The Rev. James Gallagher  
A relative of our esteemed Rev. William G. Gallagher, of Pisgah church and of Grove street, published "The Western Sketch-Book," in 1850. It was a series of sketches of early people and things from the White man's entrance into this section of country. One of Mr. Gallagher's subjects was

The Honey Bee.  
He wrote both of people and things as a reverent minister would, and counted for many occurrences of direct Divine action.

After the introduction to the subject here treated, the author said: "I am about to state a well authenticated fact in the early history of the western country. The honey-bee with strict, constant, and invariable uniformity, goes in front of the Christian population as the wave of emigration rolls westward. No one fact is more unquestionably established than this, in the experience and observation of frontier western men. Ten, twenty, thirty miles in advance of the white settlements, the honey-bee swarms in every forest, filling with delicious honey the hollows in the trees, and often the caverns, crevices and openings in the rocks. Long has it been the custom, with those near our western border, to take their wagons, in the latter part of summer, and go a few miles in advance of the population, and load them with honey. But go two hundred miles into the Indian country, and there has not been a honey-bee there.

In Two Thousand Years.  
Never within the memory of the present race of Indians.

The Indians regard the bee as the certain forerunner of the white men. The moment that they find that the bee has penetrated their country they begin to lament and wail. "The White Man is coming! We must give up the country."

For fear his statement would seem unbelievable, Mr. Gallagher said:  
"My father lived, \* \* \* within a few miles of the Tennessee river. South of this river, within the boundaries of the state of Tennessee, was the Indian terri-

tory. It was a lovely and inviting country, but the Indians positively refused to sell to the White people under any conditions. In this \* \* \* they refused for more than twenty years, and the wave of American emigration in that direction was checked, and stood, like the tide of Jordan in the days of Joshua, as it held back by an arm Divine. At length the forerunner of the White man passed the barrier, and spread among the red people consternation far and wide. I remember \* \* \* when my father's brother called \* \* \* and made the announcement: 'The bees have crossed the Tennessee, and are spreading among the Indians, who are greatly alarmed, and believe they must now give up their country.' Gallagher went on to say that shortly after the Indians left, and the whites took possession.

Mr. Gallagher also stated that, when the bees crossed the Ohio river, in the neighborhood of Shawneetown, Ill., the Indian chiefs went into the woods wailing and lamenting. "The White man is coming! We must leave the place of our birth, the graves of our fathers, and go to the West! The White man is coming!"

Gallagher also told of what Gen. Jackson  
Related at the Gallagher fireside. How about 1800 or 1801, on a certain day swarms of bees began collecting in the garden of Judge McNary, at Nashville. Five swarms were there at once, presently ten, twenty, thirty, forty, fifty. They clustered together on every shrub in the garden, then on the fence \* \* \* banded up on each side of the fence, until barrels, hogheads, and wagon loads were there. The population became greatly excited \* \* \* Multitudes came far to see it. It remained without explanation, "unless indeed the opinion prevalent among the pioneer population be taken as such; to-wit, that this was the mustering of the armies \* \* \* preparatory to their rallying forth to take possession of the mighty plains of the Great West."

When the news reached the settlement of the Creole French, in Missouri, that the bees had appeared at Kaskaskia, a lady inquired of her neighbor: "Could we not send over and get a pair of them, and raise bees?"

"An American Female"  
Says Gallagher, had come to St. Genevieve, ahead of the crowd of emigrants. She saw a bee on the window of a house occupied by some Creole French. "Why there's a bee," she said to the lady. "Is that the thing that makes the honey? Well, could we not catch it, and tame it, and keep it?"

An old citizen of St. Louis said that, when the bees first appeared there and settled in a large mass on a large object in the town, some of the primitive settlers ran for straw and fire to burn them up. An American restrained this action, and persuaded some one to make a hive and collect them.

And so interesting stories continued, which lack of space here forbids repeating.

## Dock Yourself A Dollar A Week

If your salary was reduced a dollar a week, you would manage to get along just the same. You would simply be a little more careful in spending.

Just play that your salary has been cut a dollar a week and put that extra dollar in the bank. Fifty two dollars a year added to your savings, together with the interest we pay, will soon make a substantial sum.

Mrs. John Allen of Winchester motored to the city yesterday.

Mrs. J. B. Corrington and daughter, Miss Dovie, of Alexander spent the day in the city yesterday.

## NEW WAGE AGREEMENTS IN UNSETTLED STATE

Associated Building Contractors Make Statement Relating to Present Situation.

As indicated briefly in a previous issue, workers in various mechanical trades declined the wages suggested by contractors and work is at a standstill. Yesterday the Associated Building Contractors issued a statement giving their views of the situation. This statement says "The Building contractors of Jacksonville have been meeting at various times during the past two months with different labor organizations endeavoring to have them reduce their wages in keeping with other items which enter into the cost of building construction. We maintain that they should be willing to reduce their wages because statistics show that living costs have been reduced from 30 to 40 per cent during the last six months.

"All the labor organizations have refused to make reductions. The bricklayers even declined to appoint a committee to meet with the contractors. The plumbers, carpenters, tanners, hod carriers and painters refused to send the contractors any official communication from their bodies as to what action had been taken in regard to the suggested conferences. Because of this attitude taken by the labor organizations the contractors at a regular meeting unanimously voted to reduce wages as follows:

Plumbers, from \$1 to 75c.  
Carpenters, from \$7 1/2 to 80c.  
Brick masons, from \$1.25 to \$1.  
Tanners, from \$5 to 75c.  
Hod carriers, from 75 to 60c.  
"The wages for painters remains at \$6 as they have an unexpired agreement. The Associated Building Contractors organized to help the building business for the benefit of all parties concerned, including the owners of buildings. The members of the association have reduced the charges and percentage of their working basis in order to try and induce prospective builders to proceed with their work. But most owners will not build until the wages of labor are reduced, since materials have already shown a reduction from 25 to 30 per cent.

"After all the conferences with the various unions they refused to meet reductions of any kind, so the association decided upon the action already indicated. The associated building contractors of Jacksonville are:

Carpenters—Vasconcellos & Sons, S. G. Clumley, John Wolke, Wm. Stull, Wm. Farrington, A. L. Black & Co. George Brown.  
Plumbers—C. C. Schureman, O. B. Cannon, Jacksonville, Plumbing and Heating Co., E. E. Beasly, Charles Minter.  
Tanners—Brady Bros., W. R. Shaw, M. M. Reynolds, W. B. Rodgers, J. F. Brennan.  
Painters—W. G. Benson, Dickenson Decorating Co., S. L. Biggs, J. J. Malen.  
Bricklayers—E. E. Wells, W. D. Robinson.

**WINCHESTER CLUB HAS ANNUAL BREAKFAST**

General Assembly of Woman's Club Holds Annual May Breakfast at Home of Mrs. Robert Allen—Other News from Winchester and Vicinity.

Winchester, May 17—The general assembly of the Woman's club held their annual May breakfast Monday at 1 o'clock at the pleasant country home of Mrs. Robert Allen. There were over fifty persons present and the occasion was in every way a delightful one. After the serving of the breakfast came a business session and a program. The club members presented the retiring president, Miss Miner, a handsome silver basket. Following the program came several hours spent in a social way, and in the late afternoon the guests departed for their homes.

Mrs. Guy Husted and little daughter accompanied Mrs. Merle Husted to her home in Virginia Monday, returning home in the evening.

Miss Frances Peak has returned from a visit with friends in Champaign.

The funeral of the late Mrs. Ada Sappington was held at the family home five miles northwest of Winchester at 1 o'clock Sunday afternoon. Rev. W. R. Johnson officiating. The home was filled with relatives and friends, showing the high esteem in which the deceased was held in her home community. Mrs. Sappington had been confined to her home by failing health for nearly fifteen years, but prior to that time was an active member of the Baptist church. Interment was in the Gillingham cemetery.

Dr. A. A. Bergen left Monday for his home in Springfield and J. H. Sawtell left Tuesday for New Canton, after conducting a successful revival series at the Presbyterian church here.

**GAS STOVE SALE**

## Tuberculosis Sanatorium Catechism

(Prepared by the Publicity Committee of the Morgan County Anti-Tuberculosis Society.)

**What is the purpose of the Morgan County Tuberculosis Sanatorium Fund?**

To cure and prevent the spread of tuberculosis, a disease which kills more people directly and indirectly than all other contagious diseases combined.

**To PROTECT every person in Morgan County—34,200 people—from this communicable disease.**

**Where is the Tuberculosis Sanatorium?**  
One half mile east of Jacksonville.

**To whom does the Tuberculosis Sanatorium belong?**  
It belongs to the people of Morgan County.

**Who may have the benefits of the Sanatorium?**

The benefits of the Sanatorium are free to any person living in Morgan County who is suffering from Tuberculosis in any form—just as our public schools are free to any child living in Morgan County.

**May persons outside of the county be treated in the Sanatorium?**  
Yes, if there is room and they pay for care.

**About what amount will be necessary for running expenses per year?**  
Probably below a mill tax. This cost depends upon many conditions, mainly the cost of living and the proportion of patients from outside the county.

**What amount has been put into the construction of the building and in land?**

There has been put into the building—ready to furnish for 40 patients—and the land—60 acres—about \$110,000.

**What have some other Illinois Counties put into their Sanatoria?**

Adams County, for building for 28 patients and 10 acres of land, approximately \$100,000.

McDonough County, for building for 32 patients and 10 acres of land, approximately \$95,000.

McLean County, for building for 34 patients and 20 acres of land, approximately \$122,000.

Tazewell County, for building for 35 patients and 60 acres of land, approximately \$80,000.

**Is there a need for a Sanatorium in Morgan County?**

Yes. In 1919 there were, exclusive of the State Hospital, 35 deaths from Tuberculosis in Morgan County. There are 72 diagnosed cases on the records of the Morgan County Tuberculosis Clinic and these are by no means all in the County.

**How many of the seventy-two need Sanatorium treatment?**

Fifty at least.

**Were these all the Tuberculous in Morgan County?**

No. The most conservative estimates of Insurance Companies and Health Organizations count five living cases to every death and on this basis there were 175 cases in Morgan County in 1919.

**Are there any Tuberculous Soldiers in Morgan County?**

Yes; between fifty and sixty.

**Where are our Tuberculous Soldiers now cared for?**

In Sanatoria in New Mexico, Tennessee, North Carolina and Springfield, Illinois.

**We voted in 1916 to levy a tax for a Tuberculosis Sanatorium. Why are we voting again?**

Because the full County rate is needed for general county expenses, and a tax beyond the county rate cannot be levied without a referendum vote.

**Have other counties met this same trouble?**

Yes. Will, Christian, Macon and Madison have for the same reason, taken this second referendum vote and carried for the tax by large majorities.

**Are we voting for an additional tax for Tuberculosis?**

No. We are not voting for more taxes for tuberculosis than we voted in 1916.

**What tax levy does the Tuberculosis Sanatorium Act allow?**

A levy not to exceed 2 mills on the dollar.

**How does our ballot read?**

For an additional tax, not to exceed a rate of two mills on each one dollar, in addition to the rate now provided by law for County purposes, to be levied on all taxable property in Morgan County, as assessed and equalized for State and County purposes for the years 1921, 1922, 1923, 1924, and 1925 for the purpose of establishment and maintenance of a County Tuberculosis Sanatorium.

Against an additional tax, not to exceed a rate of two mills on each one dollar, in addition to the rate now provided by law for County purposes, to be levied on all taxable property in Morgan County, as assessed and equalized for State and County purposes for the years 1921, 1922, 1923, 1924, and 1925 for the purpose of establishment and maintenance of a County Tuberculosis Sanatorium.

The "Additional" is addition to the County rate not to the rate allowed the Sanatorium Fund.

**When is the vote to be taken?**

June 6th, 1921

**Who may vote?**

All Citizens of Morgan County.

## LABOR BOARD WILL MAKE WAGE REVISION

(Continued from Page One.)  
her of applications for decisions on similar disputes have been filed and there are reasonable grounds to believe that still other such applications are about to be filed, and,

"Whereas, the railroad labor board has this day, by formal resolution declared that, in its judgment based upon evidence before it in the disputes already heard, prevailing conditions justify to some extent, yet to be determined a readjustment downward of the wages of the employees of the carriers which are parties to the disputes already heard by the labor board:

"Therefore Be It Resolved:  
"(1) That this board will June 1, 1921, announce its decision, covering the disputes as to wages between carriers and their employees, which have been heretofore heard by the board to become effective July 1, 1921.

"(2) That Monday, June 6, 1921, be set as the date when this board will hear the representatives of the parties to disputes filed since April 18, 1921, or which may yet be filed and docketed prior to June 6, it being the purpose of the railroad labor board to make its decision of the disputes heard June 6, 1921, effective July 1, 1921."

**Comment of Officials.**  
Chicago, May 17.—Railroad officials here were averse to commenting tonight on the decision of the United States railroad labor board today forecasting a reduction of wages of unskilled railroad workmen. Most of them said they preferred to await the board's announcement of the amount of the reduction before stating their attitudes.

Hale Holden, president of the Chicago, Burlington and Quincy, said the board's statement was one of the carrying signs that pointed to a return to a basis upon which the railroads could be operated more advantageously.

## FINE OF \$700,000 IS IMPOSED ON MOTHER OF GROVER BERGDOLL

Alternative is One Year and  
One Day in Federal  
Prison

(By The Associated Press.)  
PHILADELPHIA, May 17.—Mrs. Emma C. Bergdoll was sentenced today to pay a fine of \$7,000 for the part she was convicted of having taken in the evasion of the draft laws by her sons, Grover and Erwin Bergdoll. If she refuses or fails to pay the fine by June 13, Judge Dickinson of the United States district court imposed the alternative sentence of one year and one day in the federal penitentiary at Atlanta, Ga.  
A like fine, with the same alternative was imposed upon two of her co-defendants in the conspiracy case. One was her son Chas. F. Braun, who changed his name because of the notoriety achieved by his brothers and the other, her life long friend and counsellor, James E. Romig. The two other defendants, Albert Mitchell and Harry Schuh were fined \$1,000 each with the alternative of spending six months in the Mercer county jail at Trenton, N. J.

## ILLINOIS HAS FIVE RICH COUNTIES

Springfield, Ill.—Illinois possesses four of the five richest counties in the United States, from the standpoint of value of farm property, according to recent census figures given out in Washington.

The ranking county is Los Angeles county, California, with a valuation of \$396,915,164. Following it are McLean county, Ill., with \$267,332,051; Champaign county, Ill., with \$233,673,411; Livingston county, Ill., with \$230,814,178, and LaSalle county, Ill., with \$213,717,733.

While standing right up among the leaders when values of crops harvested are considered, Illinois counties naturally do not maintain this remarkable showing in competing with fruit and vegetables.

Los Angeles county again holds first place in this valuation with \$52,541,205, which is followed San Joaquin county, California, with \$39,748,032.  
McLean county, Ill., brings Illinois in seventh with a crop harvested valuation of \$26,887,618. LaSalle county is ninth with \$24,191,389 and Champaign county tenth with \$23,688,925.

## MAIL PILOT MAY BE LOST

Cheyenne, Wyo., May 17.—Pilot Jack Knight of the aerial mail service, who left Rock Springs, Wyo., at noon today for Cheyenne had not arrived there at 8 o'clock tonight and his whereabouts were undetermined.

## CHIEF JUSTICE WHITE IS CRITICALLY ILL

Well Known Jurist Not Expected to Live Thru the Night—Submitted to an Operation Last Wednesday.

Washington, May 17.—Chief Justice White of the United States supreme court is not expected to live thru the night, his physicians said late this evening.

"His pulse is weak and his heart is bad," Dr. Francis R. Hagner said after a visit at the bedside at Garfield hospital. "He probably will not survive the night."

The chief justice, who is 76 years old, had always been in rugged health, except for a slight impairment of vision which had troubled him for several years.

He was a well known figure about the capital as he enjoyed walking and was to be seen frequently among the crowds on the streets.

Altho recently there have been reports current that he contemplated resigning no word from him supported them but in fact gave quite the opposite impression. Several weeks ago he was absent from the bench for a period of two weeks with a severe cold but returned to his duties in apparently as good health as ever. On May 2 he delivered a vigorous dissenting opinion in the Newberry case with his old time force.

Because of what is understood to have been a developing trouble, he was taken to Garfield hospital last week and operated on Wednesday. Attending surgeons refused to announce the character of the operation but described it as of a minor nature. His early convalescence was expected until late today when the unexpected relapse came.

The chief justice is a native of Louisiana and served in the confederate army during the Civil War. He served in the United States senate three years before he was appointed to the supreme court by President Cleveland in 1894. Altho he had been a Democrat in politics he was elevated to the chief justiceship in 1910 by President Taft.

## HARDING WILL CONFER WITH CHAIRMAN PORTER

Washington, May 17.—President Harding will confer at the white house Thursday with Chairman Porter of the house foreign affairs committee on the peace resolution situation in the house. In making this announcement tonight Mr. Porter said no action would be taken by his committee on the question until after the conference. A number of Republican leaders in the house expressed the opinion today that the house would take up the peace resolution before the end of the week.

## WILL ASK PERMIT TO ISSUE BONDS

Minneapolis, Minn., May 17.—Directors of the Minneapolis, St. Paul & Sault Ste Marie railway decided today to ask permission of the interstate commerce commission to issue \$15,000,000 in first mortgage refunding bonds, to be issued as needed. Details will be worked out later.

## OPEN DAY AND NIGHT

## Don't Throw Away Damaged Tires

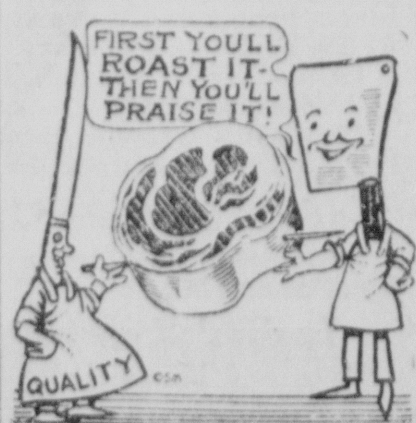

A bad tire must be in pretty bad shape if we can't give it new life by our new and proven processes of repair—Blow-outs, punctures, cuts, or just plain worn down.

## Bring Such Tires to Us

In new tires and tubes we handle the famous CUPPLES. We carry chains, jacks, oils, grease, etc.

(Just North of Theater)  
Ill. Phone 1696

## Dorwart's Cash Market

West State Street Where They Strive to Please

Our meats are being roasted by many happy housewives in this community. Our choice viands are being praised by the pleased food lovers who patronize us.

# Oven-Dinner COOKING Demonstrations

**TODAY—High School, Pupils only**  
**THURSDAY—At Illinois Woman's College**  
**FRIDAY—At Our Office**

## READ THE FOLLOWING Temperature Cooking---the Secret of Success in the Kitchen

The economical advantage of Oven-Dinner method of preparing the daily meals, and the absolute freedom from pot-watching, will be thoroughly and conclusively shown in these demonstrations by the actual cooking of foods, such as Boiled Potatoes, Roast of Pork, Baked Potatoes, Stewed Onions, Stewed Apples and Rice Pudding—foods which it is ordinarily thought require differing lengths of time and six different places on your stove if those named were to be cooked at the same time.

Taking the items of food listed above it readily will be seen that some one must give more or less constant attention until the foods all are done.

By the method which we shall demonstrate you will learn that it is possible to put all of these articles into a gas range oven, leave the kitchen, or the house, for as long as desired, with the certain knowledge that your meal is properly and safely cooking.

## Place of Demonstrations

**TODAY, MAY 18**—There will be a demonstration of the LORAIN OVEN HEAT REGULATOR method of cooking to the pupils of the Domestic Science class of the Jacksonville High School. **THIS IS FOR PUPILS ONLY.**

**THURSDAY, MAY 19**—Before the Domestic Science class at the ILLINOIS WOMAN'S COLLEGE, to which the PUBLIC IS INVITED.

At this demonstration a committee of students selected by Miss Jones, head of the Domestic Science department, will place the full meal prepared in the oven at 11 o'clock in the morning, seal the oven and it will not be again touched until 3 o'clock in the afternoon.

Here also, there will be a talk by Miss Jones, her subject being "My Experience with the LORAIN."

The entrance to the Domestic Science department at the Woman's College is west door, Harker Hall.

**FRIDAY, MAY 20**—Demonstration at OUR OFFICE, to which the public is cordially invited.

Here, as at the Woman's College, a complete meal will be placed in the oven at 11 o'clock in the morning when the oven will be sealed and not be opened until 3 o'clock in the afternoon.

## Of Particular Interest

These demonstrations will be in charge of factory experts, men who have had practical experience in this manner of economical and pleasant cookery. Its every phase will be fully and carefully explained and its economy clearly shown. At each—the foods cooked will be served to those present as an evidence of the truth of the claims made for the LORAIN, and the Clark Jewel Gas Range.

Come in at 11 o'clock and see the meal placed in the oven; come in at any hour of the day, but by all means be present at 3 o'clock in the afternoon when the meals are taken from the oven and served.

These oven-dinner demonstrations will prove a big revelation to those having to do with the preparation of the meals in the home.

**Call Either Phone 580 for Any Information That You May Desire Regarding These Gas Range Oven-Dinner Demonstrations**

**HAVE DAILY WIRELESS BULLETIN ON WEATHER**

High School Students are Furnished Daily Report on Weather Conditions Thru Action of Allan Kelly.

High school students here have the advantage of a daily bulletin of the weather received by wireless from Springfield. This is made possible by the action of Allan Kelly, one of the students, who has a wireless apparatus at his home on South Diamond street and each day catches the weather report as it comes from the Springfield office.

Kelly usually gets the report at noon or a little later and soon after the high school session begins in the afternoon the report is posted. The service was especially appreciated the day before the recent scholastic meet, when all the students were especially anxious that the weather be favorable. When the forecast came that the weather on Saturday would be fair there was great rejoicing among the students.

The local young man is one of the most enthusiastic of wireless amateurs and devotes much time and thought to the work.

**Save Your Garden**

Let us supply you with fresh and strong insecticides. We have a new stock of the following goods—

**RESERVATIONS FOR THE CIVIC DINNER**

Immediate Return Should Be Made in Order to Secure Them—Ladies Are Particularly Invited to Attend Dinner.

Special attention is called to the need for immediate return of reservations for the Civic Dinner under the auspices of the Chamber of Commerce, Thursday evening, May 19, Central Christian church. Reservations will be accepted at headquarters in the order of their arrival, and can be made by mail, in person, or by telephone. Tickets may be had by calling at headquarters, 306 East State street, Cloverleaf building. The telephone numbers are Illinois 1759 and Bell 301.

Ladies have been particularly invited to attend the dinner and quite a number are expected to be on hand. The dinner will be \$1 per plate and a menu is being arranged that will be real value at that price.

Definite word was received yesterday that Edward F. Trefz of Chicago, formerly field secretary of the United States Chamber of Commerce, will deliver the principal address at the Chamber of Commerce dinner. Mr. Trefz besides being an inspirational speaker and orator of unusual ability, is a student of the development of cities and of commercial organization work. The speaker has delighted audiences in all the principal cities of the United States and many in other countries. The citizens of Jacksonville are cordially invited to attend this function which will mark the formal close of the so-called educational work and will prepare the way for the formal opening of the drive for membership commencing Monday, May 23.

The executive committee in charge of the organization movement at the Peacock Inn, at 2:15 yesterday, met to check up on the progress of the movement thus far and to decide some important points in facilitating the work. The work of the organization movement has been divided by the executive committee between this and another committee to work out fair and equitable quotas for membership solicitation. This committee met yesterday afternoon to take up its part of the work. The executive committee will meet again Thursday to check up the work of the committee and pass on important details ready for settlement.

The Second Question. Answering the second question of the series selected by the organization executive committee as representing the general tone of inquiry in regard to the organization movement for a modern Chamber of Commerce here, the following is offered in answer:

to the query, "What can the Chamber of Commerce do after it is organized?"

It can do anything upon which the thought and energy of the community have been centered as useful to be done.

What it will do will depend entirely upon the membership. Every member will have an equal voice in saying what it should do and the doing of those things will then become a matter of uniting the whole chamber to that end.

Putting the question another way, suppose it is asked: Who is going to say what the chamber of commerce is going to do? The president selected. No. The directors? No. The various committees? No. The members? Yes.

The manner in which the members will do this is one of the most important features of the organization of the Chamber of Commerce Movement, a feature on which is based one of the chief appeals for the support and cooperation of 500 or more of the business and professional men and women of Jacksonville. In a word it is the referendum. Two questions will be asked of every member immediately after the week of the drive for membership.

1. What, in your opinion as a citizen, is the thing of first importance to be done for the community as a whole?

2. What do you expect the organization to do for the promotion of your own line of business or activity?

In securing answers to these questions, reliance will not be placed on mail replies. Group meetings and conferences will be held, discussions invited and other methods followed, all intended to obtain from every member a candid and earnest expression of opinion or suggestions.

Experience of Other Cities.

It has been the experience in other cities that the answers to these two questions, the coming from 400 to 3,000 Chamber of Commerce members, classify themselves under a comparatively few important headings. These subjects, thus broadly defined, represent the planks in the platform of work of the organized Chamber of Commerce.

It is clearly seen here that to the program of work as thus developed, and while membership is needed, and it is the duty of the officers and directors and of the special committees when appointed to concentrate their whole effort to carrying this program thru. The program will cover a period of at least three years of activity.

Having learned the interests of the individual members, it is possible for the directors to call into committee service the men who are interested in certain projects. The signed answers to the questions will disclose who are the men most interested in various matters. By putting such men on special committees, the directors insure careful study of projects and their completion by interested groups of citizens. It is by giving the individual member the opportunity to work on the things that he is particularly anxious to have done that the whole membership is kept alive and active.

Probably an important plank in the platform might be publicity for Jacksonville, the adoption of methods to advertise the city, its attractions and opportunities, widely and to create and maintain a favorable opinion toward the city throughout the country. A city's good will is its reputation.

**KNOX Sennits and Split Yachts, same shapes as worn on Broadway and Riverside drive, New York, are shown by FRANK BYRNS Hat Store.**

**MANCHESTER**

Oscar Boston is suffering with rheumatism.

Mrs. Anna McCarty visited her daughter, Mrs. Harry Cade in Murrayville from Friday until Sunday. E. O. Hess arrived from Davenport, Iowa, Sunday morning to join his family who are visiting friends here.

Mr. and Mrs. Chas. Greenwalt of Jacksonville spent Sunday with Albert Greenwalt and family.

Mr. and Mrs. Kirby Tankersley on Sunday entertained Mr. and Mrs. John Fitzgerald and daughter Mary Louise of Jacksonville. Walter Rimbey and family and Miss Lennie Chapman visited relatives near Carrollton Sunday.

Miss Bertha Thady shopped in Jacksonville Saturday.

Wm. Sargent of St. Louis arrived here with a car load of cattle Saturday.

Misses Ollie Walker and Bertha Thady attended the baccalaureate services at Roodhouse Sunday evening.

**DEATH CAME SUDDENLY TO MRS. MAHONEY**

Brief mention was made yesterday of the death of Mrs. Helen Cox Mahoney at Dayton, sister-in-law of Mrs. Thomas Duffner of this city. Mrs. Duffner was accompanied to Springfield by Mr. Duffner and left that city for Dayton, Ohio, where the funeral will be held.

Mrs. Mahoney's death came after only about twenty-four hours' illness and no facts have been received altho Mr. and Mrs. Duffner received a telegram Saturday indicating that Mrs. Mahoney was in a serious condition.

Mrs. Mahoney was a visitor in Springfield during the presidential campaign when her father, Gov. Cox, was the Democratic nominee for the presidency.

Mr. and Mrs. S. Green left this morning for Griggsville to attend the funeral of a relative of Mrs. Green.

**REFUSES TO COMPLY WITH COURT ORDER**

Sam Williamson in Jail While Making Up His Mind to Pay Solicitor's Fee in Accordance With Court Ruling—Grain Case Decided—Docket Entries.

In the circuit court yesterday Judge Norman L. Jones assessed a fine of \$10 against Samuel Williamson for contempt of court. The judge also ordered Williamson committed to jail until the fine is paid together with solicitor's fee provided in a previous order.

Williamson originally seemed to think that the court was joking in the order to have him pay alimony and solicitor's fees, or rather that the court was without authority. Now, however, he is down with Sheriff Weatherford to think the matter over and it is quite likely to decide that the easiest way out of the trouble is to obey the court's mandates.

In the suit of Wilson C. Morrow vs. the McCarthy Elevator Co., the jury returned a verdict yesterday afternoon finding in favor of Mr. Morrow and fixing the amount due at \$156.52. It was the belief of the jury that Mr. Wilson had contracted his wheat to the elevator at \$2.50 per bushel and that the fact that he did not deliver all of the wheat was not his fault.

The case on trial later in the day was that of Harry Wilson vs. Horace Simpson, et al., appealed from a justice court. This suit involved the payment of one cent a bushel on about 1100 bushels of corn. The court costs alone will be at least ten times the amount involved. Judge Jones did not permit any wasting of time in the examination of witnesses and the trial moved along rapidly.

**Docket Entries.** The appealed case of Henry A. Clemons vs. W. E. Boston was dismissed as per stipulation on file.

In the divorce suit of Eva Kemp vs. Alva Kemp, a rule was entered requiring the defendant to answer amended bill immediately. Defendant was called and default order was taken.

In the divorce suit of Alice F. Lawson vs. Calvin Lawson, the defendant was found guilty of the statutory charge made and decree of divorce granted.

In the divorce suit of Arlie Stewart vs. Elizabeth Stewart, leave was granted the defendant to file cross bill.

**Jurors Named.**

Jurors for the third and fourth weeks of the circuit court will be as follows, according to a list issued by Circuit Clerk Wana-maker:

Alexander—Frank Waltman, William Henderson, Joseph Wagner, Earl Baxter.

Arcadia—E. E. Barr.

Centerville—Albert Gray.

Chapin—James Wallace, C. H. Coulson.

Franklin—Marion Spires, Harry Hamilton.

Lynnville—H. L. Coultas.

Nortonville—C. E. Edwards.

V. D. Wilson—James Branswell.

Jacksonville—Roy Baldwin.

Roy McLain, Leo Kaule, I. W. Eaton, Walter Huff, Charles Blesse, Clyde Vasconcellos, L. H. Barger, J. F. Buckley, B. F. Owen, Guy Rook.

Prentice—Frank Newell.

Sinclair—Robert Hopper.

Waverly—W. H. Farley, F. S. Reesor, Edward Ashbaugh.

Woodson—R. V. Blimling, H. C. Smith, Walter Smith, G. W. Winter, T. M. Whitlock.

**RED CROSS WORKERS HERE THURSDAY**

A Red Cross Regional Conference for West Central Illinois has been called by the central division of the Red Cross to meet in Jacksonville Thursday. Thirty-two chapters have been asked to send delegates. The program will deal with present Red Cross services, policies and organization. Interesting speakers will be on hand for both morning and afternoon sessions, which will be held at the Congregational church. The meetings are open to the public. Of special interest will be an exhibit of garments which have been made from old clothing for the destitute children of Europe. Mrs. Frank Fulton of Winnetka, who will have charge of the demonstration has done a wonderful piece of work in garment conservation. Red Cross chapters everywhere are urging groups of women to make layettes and garments for children of war-stricken European countries. A conservative estimate made by the American Red Cross of what is actually needed for these destitute children is:

250,000 layettes for babies.

250,000 dresses for children under 6 years.

125,000 dresses for girls under fourteen.

125,000 suits and underwear for boys under fourteen.

The Conference Thursday will give practical information to any who are interested in the cause.

**CARD OF THANKS**

The family of the late Zachary T. Jones wish to thank Mr. and Mrs. J. A. Walters, Mr. and Mrs. G. C. Tartt, Mrs. Irvin Biggs, all those who furnished cars, all who gave flowers and all who rendered assistance in any way in the sickness and death of their husband and father.

Mrs. Z. T. Jones.

Carl Jones.

**Panamas from South America. FRANK BYRNS Hat Store.**

**VISITING RELATIVES**

Forbes Bourn and daughter, Miss Verna of Whitewater, Kans., are visiting Mrs. Joseph Bourn on South Main street.

Miss Mae Cornett of 511 West College street is visiting in Ashland, Kentucky.

**MANY CORPORATIONS ARE DELINQUENT**

Records of Secretary of State Show One Thousand Failed to File Annual Reports.

Springfield, Ill., May 17.—An examination of the corporation department in the office of Louis L. Emmerson, secretary of state, discloses the fact that almost one thousand corporations failed to file annual report in February as required by statute and have been paying to him large penalties for such failure.

A corporation failing to file its annual report in time under the statute is required to pay a default fee of \$20 and ten per cent is also added to the amount of franchise taxes otherwise due.

The secretary of state has already collected \$19,420.00 under the former penalty provision and it cannot be ascertained until July the full amount of the other penalties which will be due since the ten per cent on the amount of tax due from one corporation failing to file in February of this year will amount to more than \$1,500.00.

From a statement given out by Alvin C. Margrave, it appears that many of the corporations have already paid the franchise tax due in July in order that they may not overlook the same and be subject to other penalties. Doubtless, however, many corporations will merely procrastinate in payment of fees until after July 1st in which case an additional penalty of five per cent per month is required.

That this act is proving a boon to the tax payers of the state is shown by the fact that for the year ending March 1, 1921, the secretary of state collected in franchise taxes and other fees from corporations \$3,765,097.31; whereas for the same period ending March 1, 1920, he collected only \$737,758.41.

**LOST**

Very old copy of Jacksonville Female Academy catalog; wrapped in holly paper. Return to Journal. Reward.

**Deaths**

**Richards.**

Mrs. William H. Richards, who was stricken with cerebral hemorrhage Monday morning, passed away at 11 o'clock Tuesday night at her late home on West North street. A more extended notice will appear later.

**Ayling.**

John C. Ayling of Springfield died at a local hospital at 5:25 o'clock Tuesday morning, aged 61 years. The remains were removed to Gillham Funeral Home and prepared for burial and were shipped to Springfield Tuesday evening where funeral services will be held and interment made.

**Maroney.**

Mrs. Thomas Maroney, wife of Thomas Maroney of Rushville, Ill., died in this city at 1:15 o'clock Tuesday afternoon. She was aged 90 years and 16 days.

Ann Neagle was born May 1st, 1831 in County Clare, Ireland. She came to this county at the age of fourteen. In 1850 she was united to Thomas Maroney who preceded her in death eight years ago.

She was the mother of nine children: Lizzie of this city, John of Nebraska and Mrs. G. W. Adams of Houghton, La. Three of her children who grew to womanhood preceded their mother in death. Mary Maroney, Mrs. Kate Lonergan and Nellie Lonergan, wife of Thomas Lonergan of Springfield, Ill., preceded her in death two months ago. Besides the three surviving children she leaves eight grandchildren. Mrs. Louis Pieper, Thomas Lonergan, Jr., Josephine, Elvora, Rosaleen and Agnes Lonergan of this city; Grace and Nora Maroney of Nebraska and nine great grandchildren.

She was a member of the Catholic church and lived a good, faithful and conscientious Christian life, her generous life, her devotion as a good mother, will ever linger her dear memory to all who knew her. Funeral services will be held Thursday morning at 8:30 o'clock at the Church of Our Savior. The remains are now at the undertaking parlors of J. H. O'Donnell.

**MR. RILEY LEAVES FOR EUROPEAN TRIP**

Vincent R. Riley left last night for Chicago and after spending a day there and several days in the east, will sail Tuesday on the Aquitania for Southampton, England. Mr. Riley will spend a week visiting relatives and friends in England and Scotland before the opening of the International Rotary convention at Edinburgh. Following the convention he will spend six or eight weeks in travel on the continent.

A number of Mr. Riley's friends were at the station last night to wish him a safe journey.

**Births**

Born, Sunday at Passavant hospital, to Mr. and Mrs. G. W. Robinson of Sinclair, an eight and one half pound son, Myron Leonard.

**I. W. C. SENIORS ISSUE EDICT** Hereafter any student other than a senior at Illinois Woman's college who trespasses upon the east steps in front of the main building will be fined and the sum added to the endowment fund. This condition is the result of the fact that the seniors, issued a proclamation signed by Miss Holenbach, chief scribe and Miss Isabel Woodman, as able "magistrate," declaring that these steps are for the use of the seniors exclusively. Ample and legal notice has thus been given to students and faculty and the porch is now the property of the seniors forever unless usurpers appear with passing time.

PLANS UNDER WAY  
FOR MEMORIAL DAY

American Legion Will Join With G. A. R. in Observance of the Day—G. A. R. Committee Met With Legion Tuesday Evening.

Comrades John Minter and S. W. Nichols, representing Matt Starr post G. A. R. met the American Legion last evening and began arrangements for memorial day. The ideas of the veterans was to secure the co-operation of the younger men in carrying out the program for that important day. The veterans were very courteous of the young gentlemen and were gratified with the pre-est politeness. A fine feeling prevailed and auspicious beginning has been made and it is the earnest desire of all to have the important day remembered as it should be.

The last resting places of veterans of the world war are to be remembered the same as the others. A general committee from the legion was named as follows: Dr. Applebee, Louis A. Cain, Leo Flood, Morrison Worthington, Worthington Adams, J. W. Potter, C. E. Seegen, Reaugh Jennings.

The committee at once met with Messrs. Minter and Nichols and proceeded to make arrangements and name special committees as follows: Program—Flood, Worthington and Jennings.

Transportation—Cain and Adams. Building for exercises and decorations, Worthington, Potter and Seegen. The executive committee of the Grand Army and the Legion committee are requested to meet Friday evening promptly at seven at Dr. Applebee's office.

All people of the city and county are urged to unite in making this the occasion it should be. Let us have a procession worthy of the day; a good delegation at Calvary and Diamond Grove cemeteries in the morning and a parade of which we may be proud in the afternoon.

SHIPPED HOGS TO MARKET  
J. W. McAllister of Woodson shipped a carload of fine hogs to the St. Louis market Tuesday.

MODERN DELICATESSEN  
DOUGLAS'—West State  
Quick service in ready cooked foods of all kinds from meats to cakes. We have established in connection with our grocery a modern delicatessen department where you can obtain, ready cooked, almost any article of food found in such establishments. Special attention will be given to orders for picnics, parties and social functions. Our service in this connection will prove a big help to you.

Our kitchen is in connection with the store and all foods are prepared by competent cooks under our personal supervision. When down town come in and let us show you this new department, and explain how easy and simple it will be to provide for the expected or unexpected guest, lunches, or afternoon function, or outing.

Special orders solicited. DOUGLAS'—West State

WINCHESTER VISITORS  
Wm. Rexroat and Misses Stella Stewart and Audrey McKeever were in Winchester Monday evening, guests of William E. Coulter.

Social Events

Gave May Party at Old Peoples' Home.

The Philanthropic society of Central Christian church gave a May party at the Old Peoples' home last night. There were musical numbers and readings and in every way it was a pleasant occasion. It had been planned to hold the meeting at the home because of the interest that the program held for the old people who dwell there, and there was ample proof of the pleasure that it gave them.

Strawn's Crossing Club Met With Mrs. Bealmer

The Strawn's Crossing club held its regular meeting Tuesday afternoon at the home of Mrs. Charles Bealmer with a large attendance of members and several guests.

The president, Mrs. Roy Newberry was in the chair. Mrs. William Scott gave an interesting talk on the open air school and on motion of Mrs. William Cleary the president appointed a committee consisting of Mrs. Edward Phillips and Mrs. Henry Strawn to arrange for the club taking part in the federation picnic June 2. This picnic will be held on the grounds of the Morgan county anti-tuberculosis sanatorium.

Mrs. Coons gave a paper on "What Are We Doing in Americanization Work?" A paper of great interest presented by Mrs. Harry Martin whose subject was, "Should personal hygiene be taught to children by parents or teachers?"

Following the program and business session refreshments were served. The next meeting will be held with Mrs. Frank Green May 31.

I. W. C. Freshmen Entertain Juniors

The Freshmen at Illinois Woman's college gave a delightful party for the Juniors Monday afternoon on the campus. The Freshmen entertained their guests with clever charades and Catharine Colton and Helen Steele sang to the accompaniment of ukeleles.

Marguerite Sturgeon and Evelyn Ross sang some clever little songs. In the course of the afternoon delicious refreshments were served out on the campus.

The Freshmen-Junior party is an annual college affair and Monday's lawn party proved a very charming event.

H. S. Dramatic Club Had Picnic

The High School Dramatic club had a picnic Monday evening at Nichols park. The students drove out in cars and had a fine picnic supper at the lake. There were all kinds of good eats—sandwiches, salads, cakes, fruit and all the trimmings. Everybody reported a grand time. Miss Julia Tilton is the faculty dramatic coach.

Girls Enjoyed Picnic at Park

A number of girls from the force of Rabjohn & Reid's store went out to the park last evening and played several games of tennis. Afterwards the girls enjoyed a fine picnic supper. The girls are planning to play tennis twice a week during the summer months. This is a fine athletic pastime and no doubt the girls will get lots of benefit as well as pleasure from this summer sport.

B. B. Club Met With Mrs. John Carl Yesterday.

Mrs. John Carl was hostess to the B. B. club at her home on South Mainville street Tuesday afternoon. Mrs. Clarence Taylor gave a pleasing reading. Mrs. Charles A. McHatten was initiated into the club. During the social hour the hostess served refreshments.

Birthday Party in Honor of W. M. Walbraun

A delightful birthday party was given last evening in honor of William Walbraun. Mrs. Wal-

baum arranged this pleasant party in honor of her husband's birthday. About fifty guests, friends and relatives, were invited out to the Walbaum's pleasant country home east of the city. Here the evening was spent in a happy social way and delicious refreshments were passed. Mr. Walbaum was the recipient of many hearty good wishes from his friends.

Parent-Teacher Association Held Last Meeting Tuesday.

Members of the Parent-Teacher association of the Fourth Ward held their last meeting of the present school year in the gymnasium at the Washington school Tuesday evening.

The gymnasium was filled to overflowing with friends and members of the association. First came the regular business session with Mrs. Baxter presiding and Mrs. Frisch as secretary. The report of the treasurer was read and received and then the nominating committee, Mrs. W. S. Jones, Mrs. Lloyd Hamilton and Mrs. Carl Richards made its report. The following were the recommendations and were elected for the ensuing year:

President—Mrs. G. E. Baxter. Vice President—Mrs. A. L. Adams. Recording secretary—Mrs. A. H. Dollard.

Treasurer—Mrs. J. R. Phillips. Press Reporter—Mrs. Owen Graff.

The children then presented a splendid program which was greatly enjoyed.

Hansel and Gretel Dramatization Given by First Grade

Washington School

Characters:

Hansel—Robert Hartman.

Gretel—Catherine Kelly.

Father—Bartley Janson.

Mother—Margaret Caldwell.

Witch—Margaret Elliott.

A social time followed and refreshments were served.

PROBATE COURT

The will of the late Louis Johnson was admitted to probate by Judge Samuel.

The court appointed C. F. Wemple as guardian of Sarah E. and Helen Miner.

C. B. & Q. STATION AT LITCHFIELD ROBBED

Lone Bandit Compels Agent to Open Safe—Gets \$75 in Cash Then Escapes and Gags Agent and Escapes.

A lone bandit held up the agent in the Burlington station at Litchfield about 10:40 o'clock Monday night and secured \$75 in cash.

The bandit who was unmasked had been seen loafing around the station during the day. At the hour named he entered the station and compelled the agent to open the safe. He then took the money amounting to about \$75. Then the robber bound and gagged the agent and made his escape. The robber's face was covered with several days growth of beard. According to the agent he looked like a foreigner.

FORMER MINISTER HERE DIES IN TOURS

Death of Lieut. Col. Charles Pierce Followed Soon After the Passing of His Wife.

A cablegram from Tours, France, which appeared in the Chicago Tribune yesterday told of the death of Lieut. Col. Charles C. Pierce, head of the American War Memorial commission. Col. Pierce was at one time minister of the Baptist church in this city. He subsequently became an Episcopalian and for a long period was in the army service. His wife who before her marriage was Miss Fannie Reese, died recently. She was a sister of Mrs. Charles R. Morrison, formerly of this city. The facts given in the Tribune were as follows:

Tours, France, May 16.—Lieut. Col. Charles C. Pierce, head of the American war memorials commission, died of pneumonia this morning in a hospital here.

Col. Pierce was compelled to stop off in this city recently on his way to Italy to inspect the graves of American soldiers. He was in a state of collapse through grief over the recent death of his wife.

Funeral services for Col. Pierce will be held in Paris Wednesday. Col. Pierce arrived in France in March.

Was a Clergyman

Philadelphia, Pa., May 16.—Lieut. Col. Pierce, who died in Tours, France, today, was rector of St. Matthew's Episcopal church here for ten years.

Col. Pierce returned to military service shortly after the United States entered the war. He was awarded the distinguished service cross and the cross of the French legion. While in the Philippines some years ago he was elected bishop of the islands, but declined the honor.

AMERICAN LEGION HAD REGULAR SOCIAL MEETING

The monthly social meeting of the American Legion was held at the old Elks club rooms Tuesday evening with a large attendance of members. W. T. Harmon, post commander, presided and various matters of business were conducted at a brief business session. It was announced that fifty seats are to be reserved for members of the post at the Grand Opera house next Sunday afternoon, when an Americanization day program is to be presented.

Plans for the observance of Memorial day were discussed with a committee from Matt Starr Post, G. A. R., and the Legion men are to co-operate in the celebration. After the business session some time was spent socially and refreshments were served.

DANCE OF DOKAYS IS BIG SUCCESS

The dance given in Armory hall Tuesday evening by Ilderim Temple No. 61, D. O. K. K. for the benefit of the drill team was largely attended. During the evening the Arabs under the direction of Capt. Reinhart and Lieutenant Magill gave an exhibition drill which was greatly appreciated by the crowd. The Dokay quartet also gave a number of selections. The temple will no doubt realize a neat sum from the dance which will be used to send the team to the Imperial Palace session to be held in Chattanooga, Tenn., this summer. The committee in charge was composed of J. E. Scott, Arthur Reeve and George Wiseman.

DOKAYS WILL GO TO ROODHOUSE

A number of members of Ilderim temple will go to Roodhouse Friday evening to attend the meeting of the Knights of Pythias lodge of that city. The trip is made for the purpose of getting the organization of a drum corps under way to make the trip to Chattanooga. The trip will be made by automobile, leaving Jacksonville about 6:30 o'clock.

WON TWILIGHT GAME

The Mullenix and Hamilton team defeated the Post Office team in the Twilight league game at State Hospital grounds Tuesday evening the final score being 12 to 11.

TOO LATE TO CLASSIFY

Under the law it is necessary that all personal property schedules be filed with this office by Friday, May 20. All persons who make personal schedules are therefore asked to take immediate action.

Grant Graff, Treasurer and Assessor.

Funerals

Cull.

Brief funeral services for Mrs. Susan Cull were held from the residence at 3 o'clock Tuesday afternoon in charge of the Rev. C. A. Middleton. Music was furnished by Miss Hattie Hobbit, Mrs. F. P. McKinney, Harry Onken and W. G. McAdams.

Burial was in Jordan cemetery the bearers being, Frank Burnham, Otis Johnson, Oliver Briggs, Harry Waters, Greeley Brownlow and John Graay.

Jones

The funeral of Mr. Zachary T. Jones, of 1052 South East street, was held Monday, May 16, at 2:30 p. m. at the Durbin M. E. church. Brief exercises were held at the family residence, after which the cortege proceeded to the church. The services were in charge of the Rev. G. W. Randle, pastor of Brooklyn M. E. church, assisted by the Rev. Samuel Graves pastor of Durbin. The text for the occasion was taken from Psalm 84: "What is man that thou art mindful of him, or the son of man that thou visitest him?" The music was rendered by the Durbin choir.

A duet was sung, entitled "Death is only a Dream," by Leslie Cox and his son, Lawrence. A large number of beautiful floral tributes were placed upon the casket, and were in charge of the four nieces of the deceased, Mrs. Leslie Cox of Jacksonville, Mrs. Lucy Ralston of Franklin, Mrs. Bert Millard of Murrayville, and Mrs. Lottie Anderson of Hillsboro.

The six pallbearers were nephews of the deceased: Elmer Jones, Ernest Jones, Samuel Jones, Grant Jones, Leslie Dods-worth and George Dunston. A large concourse of people, most of whom were relatives, followed the body to the Davis cemetery, where interment was made.

BIRTH RECORDS

Born, to Mr. and Mrs. James Clay Elliott, 233 Prospect street, a daughter, at Our Savior's hospital.

A. A. DYER'S WILL PLACED ON RECORD

Bulk of Property Bequeathed to Widow—J. Weir Elliott is Executor.

The will of the late Andrew A. Dyer was filed for probate Tuesday in the office of County Clerk G. L. Riggs. Mr. Dyer made his will March 5, 1921, and named J. Weir Elliott as the executor. The witnesses to the testator's signature were C. A. Johnson and L. F. Jordan.

Provision is made for the erection of a suitable monument and in the second section of the document Mr. Dyer leaves all his household goods and personal property of any kind to his wife. All the real estate is bequeathed also to Mrs. Dyer, together with \$10,000 in cash.

The remainder of the personal property is to be divided equally among the children of the deceased, who are Mrs. Ollie Elliott, Mrs. Cressie Armstrong, Golden Dyer, Mrs. Stella Smith, Leana Dyer and Beulah Dyer. The deceased was one of the substantial farmers of the county and left a valuable estate.

The large assortment of men's summer hats shown by FRANK BYRNS represent the better styles from many of the leading factories of the world.

HOMEMAKERS CIRCLE OF FRANKLIN MEETS

Franklin, May 17.—The regular meeting of the Homemakers circle was held Tuesday afternoon at the home of Mrs. George Brown. There were about thirty members present and several guests, among the latter being Mrs. Charles Knollenberg, Jacksonville; Mrs. W. E. Douglas and Mrs. Oscar Harmon.

The afternoon program included a paper on "Accidents and Sudden Attacks" by Mrs. Otto Van Winkle, and another on "U. S. Mail Service" by Mrs. Sallie Wyatt. Victoria selections added

much to the pleasure of the occasion.

A social hour followed the program and at this time the hostess served a delightful luncheon. The circle will meet next with Mrs. Nina Lewis on Tuesday, May 31.

**The Arcade****HOUSEHOLD SCIENCE  
PROGRAM ANNOUNCED**

Well Known Organization Outlines Program for Ensuing Year — Subjects Contain Much of Interest to Members.

The Household Science club met yesterday afternoon for the last meeting of the year, at the home of Mrs. T. P. Carter, on Lincoln avenue.

Mrs. H. A. Perrin gave a very interesting talk on the life and work of John Burroughs, the great American naturalist who died recently. Roll call was answered with recipes for good desserts.

Following the program a social hour was enjoyed and excellent refreshments passed by the hostess.

The officers for the coming year are, Mrs. Ella W. Reeve, president; Mrs. Ruth L. Robinson, vice president; Mrs. Alma M. Rogers, Secretary and Mrs. Lulu P. Scott, treasurer.

The program for next year was announced yesterday.

The program committee for this new year-book was made up of Mrs. Mahala Bradish, Mrs. Edyth D. Conover and Mrs. Ida B. Guthrie.

The next club meeting will be September 20th, with Mrs. Gray.

Sept. 20—Hostess—Mrs. Gray.

Makers of American Humor—Mrs. Jones.

SENIORS ADVERTISE SCHOOL PLAY

At High school assembly Monday several of the members of the cast of "Mice and Men" gave some clever stunts to advertise the play, which the Senior class is to present May 23rd. Miss Corzine, Senior advisor, introduced the characters who then appeared and acted out several little scenes.

Miss Edna Agar, who is coaching the play then read a sketch from "Seventeen" and also another clever selection. Her reading and characterizations delighted the students and they feel they are fortunate in having her to coach the play.

H. H. King made a business trip to Springfield yesterday.

Mrs. Sam Rubie was among Tuesday shoppers from Alexander.

**SHOWS VALUE OF  
FERTILIZING SOIL**

Experiments at University of Illinois Shows That Yield Is Much Greater.

Urbana, Ill.—Striking comparisons between fertilized and unfertilized and are shown in crop yields from some 29 experimental fields of the University of Illinois for 1920, according to Prof. H. J. Snider of the university's agronomy department.

The fields, which were established largely thru the efforts of the late Dr. Hopkins of the university, are about evenly distributed over the north, central and southern sections of the state.

Dr. Hopkins' idea of fertilized land was to supply an abundance of organic matter either as crop residues, green manures, or stable manure, to apply limestone to sour lands, and to make up the deficiency of phosphorus by applying rock-phosphate. This, a complete soil treatment, consists of organic matter, limestone and rock phosphate.

The 1920 corn yield for the northern section of Illinois shows that untreated land averaged 41 bushels while the land receiving the complete treatment gave an average yield of 59 bushels, Prof. Snider reported. This is an increase of 18 bushels of corn per acre. In the southern section of the state, the untreated land averaged 18 bushels of corn per acre, while the land receiving the complete treatment yielded 40 bushels per acre, an increase of 22 bushels.

The oat yields also showed big increases for soil treatment. In the central and northern sections of the state winter yields from 1920 show that while the untreated land averaged 24 bushels per acre, the land receiving the complete treatment averaged 35 bushels per acre. In the southern section of the state the untreated land averaged 6 bushels wheat per acre, while the land receiving organic matter, limestone and rock phosphate yielded 17 bushels per acre.

"These results show that there are great possibilities in the Hopkins system of permanent fertility and that such a system must eventually be put into practice if we are to build up our worn soils in the southern part of the state and maintain our now fertile soils of the central and northern part of the state," Prof. Snider said.

Andrew Adkins of Prentice had occasion to visit the city yesterday.

M. A. Fesler of Mt. Carmel was among the arrivals in the city yesterday.

## BROOKLYN DEFEATS CARDS IN FINAL GAME

Out by Losers but Wild Throws Net Five Runs — Krueger and McHenry Hit Home.

Brooklyn, N. Y., May 17.—Brooklyn took the final game of the series from St. Louis today, 9 to 7, after the Cardinals had won the first three contests. Although the visitors outbatted the Superbas in a slugfest match, three wild throws gave the locals five runs. Krueger of Brooklyn and McHenry of St. Louis hit home runs.

## LEONARD TO MEET SAILOR FREEDMAN

CHICAGO, May 17.—Benny Leonard, lightweight boxing champion, and Sailor Freedman of Chicago, have been matched for a ten round bout at Benton Harbor, Mich., on July 4, it was announced today. Floyd Fitzsimmons, promoter said he had guaranteed Leonard \$30,000 and Freedman \$10,000.

The articles signed today stipulate that the weight shall be 135 pounds at 10 a. m., on the fourth with the understanding that each man shall be granted one pound leeway.

## MARKSMANSHIP CONTEST TO BE HELD IN AUGUST

Washington, May 17.—The government marksmanship contest known as the National Matches will be held at Camp Perry, Ohio, August 27 to Sept. 22, instead of a month earlier as previously announced. Matches of the National Rifle association of America will be shot, Sept. 6 to 14, and National Team and individual rifle and pistol matches, Sept. 15 to 22.

## BOSTON MAKES HITS COUNT IN CUB GAME

Defeat Opponents by Score of 8 to 4 — Oeschger's Double Scores Three Runs.

Boston, May 17.—Boston made its hit count for runs against Martin and Jones today defeating Chicago, 8 to 4. With the bases full in the eighth Oeschger's double scored three runs.

## ST. LOUIS WINS IN THE EIGHTH INNING

St. Louis, Mo., May 17.—Gerber's single, Jacobson's triple and a wild pitch by Meyers in the 8th inning gave St. Louis two runs and a four to two victory over Boston today. Pennock held the Browns safe after the first but gave way for a pinch hitter. Boston could do little with Davis who kept his hits well scattered.

## FALK'S HITTING WINS GAME FOR WHITE SOX

Drives in Four Runs and Scores Two Hits—Falk's Steady Ball for Chicago.

CHICAGO, May 17.—Chicago won its fourth consecutive game today by defeating Philadelphia 10 to 4, thereby making a clean sweep of the series. Bibb Falk's batting was the feature. He cracked out two hits, a triple which drove three runs home in the third and a single which sent another across in the sixth. He also scored twice himself. Mack used four pitchers. McWeeney, a recruit pitcher worked for Chicago, and altho hit freely pitched a steady game.

## JAPANESE PAPER IS IN SOUND PROOF ROOMS

Carbondale, Ill.—(By The A. P.)—Sound proofing of rooms is making substantial progress though the problem is not yet solved, F. R. Watson, professor of experimental physics at the University of Illinois, told the Illinois State Academy of Science here today. He related results obtained at the University of Illinois.

"Great annoyance and inconvenience is suffered because of the unwelcome intrusions in a room of sounds coming from other parts of a building," Prof. Watson remarked. "The noise of a piano in an adjoining apartment, the hum of a motor, the click of typewriters, etc., are familiar instances of sounds that annoy."

"The sound proofing of rooms

## WILL REPRODUCE CUSTER'S BATTLE

Will Stage Last Stand on Famous Battlefield at Unveiling of Custer Monument.

Billings, Mont. — Preliminary to unveiling the Custer monument, now under construction in the city park at Hardin, an exact reproduction of the massacre on the Little Big Horn will be staged on the site of the historic battle on June 25. It is announced by the Custer battle anniversary association of Hardin. Approximately 500 Crow and Cheyenne Indians, representing the Sioux, will take part in the mimic battle against members of the American Legion and troops of cavalry, representing Custer's handful.

Permission has been obtained from the federal government for use of the national cemetery for the spectacle, and Gen. Hugh L. Scott of the historic Seventh has announced that he will attend, as probably will Mrs. Custer. The war department also has offered to co-operate in every way possible.

Following the "battle" there will be a basket dinner at Government park, Crow agency, and afterward, spectators, troops and Indians will go to Hardin where the Custer monument will be unveiled with proper ceremonies.

Various addresses, a band concert, a men's chorus, with the Indians arrayed on one side and the American Legion men and cavalry troops on the other, will include a part of the ceremonial Indian powwow and a street dance at night completes the day's program.

People from every part of the state, as well as many without its borders, are expected to attend in view of the historic nature of the celebration, marking the anniversary of one of the most famous events in the west.

## CONTRACTS LET FOR BRIDGES

Watseka, Ill., May 14.—Contracts for the construction of two steel and concrete bridges in Iroquois county will be let here May 24 by County Superintendent of Highways Benjamin Jordan. The first bridge, which will cost \$12,285, will be erected four and a half miles from Stockland to replace a wood trestle bridge. The present structure is 110 feet long. The new bridge will be known as Bridge No. 40.

A smaller bridge, No. 32, will be built at 2 1/2 miles from Watseka, to replace an old 20 foot steel span bridge. The estimated cost will be \$2,655. A contract will also be let for construction of Culvert N. 97 of steel, six and one half miles from Pittwood, to replace a 22 foot steel span. The estimated cost is \$2,930.

## FARMERS CONTRIBUTE 431 CARS OF GIFT CORN

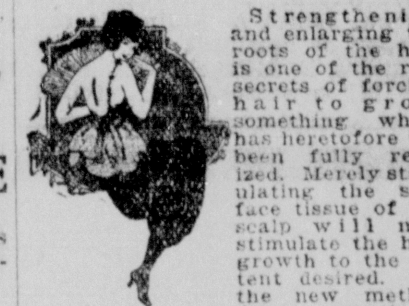

Huron, S. D.—Farmers in ten states contributed 431 carloads of gift-corn for the relief of starving people in Europe and the near east, according to the report of Carl Vrooman, general director of the gift corn project for the American Farm Bureau Federation. Although no accurate check is yet available, it is estimated by Mr. Vrooman that these 431 car loads will approximate 600,000 bushels.

The number of cars from each of the 10 states contributing is given as follows: South Dakota, 31; Illinois, 147; Ohio, 67; Indiana, 44; Minnesota, 44; Iowa, 36; Missouri, 22; Nebraska, 20; Kansas, 16; and Colorado, 4.

Mr. Vrooman, in his report, estimates the value of this corn when processed and delivered across the water will be at the rate of \$12 a bushel.

At that rate the shipment will have a valuation at its destination of \$7,200,000. This state's gift will have an approximate worth of \$450,000.

## If Your Hair Is Thinning

Strengthening and enlarging the roots of the hair is one of the real secrets of forcing hair to grow something which has heretofore been a vain hope. Merely stimulating the surface tissue of the scalp will not stimulate the hair growth to the extent desired. The new method just mentioned can be secured at any drug store or the original one-ounce package. This can be mixed at home with half pint of bay rum and a half pint of water, or with which hazel, if you prefer. It contains no oil what ever.

To Have the Arm Pits Soft as Free from Hair  
You can be sure that there is no one sensible way to remove hair from the arm pits, and, in fact, from any part of the body. It is foolish to "burn" them off, injuring the skin, just moisten the hairs with sulfo solution. The hairs will actually dissolve away. The hair completely, and leave the skin perfectly soft and smooth. It will not irritate the most delicate skin. Sulfo solution may be obtained at nearly any drug store.

Something Better Than Soap for a Head-Wash

As to head-wash, you are advised against using soap or the many shampoos sold, because of the alkali they contain. This dries the hair secretions. Get a package of eggol at the drug store and dissolve a teaspoonful of it in a half cup of water. You can get eggol for twenty-five cents for dozen or more head washes. It is magic in cleansing hair and scalp and aids wonderfully in making hair grow.

## We Add 50 Cents to Each Dollar Invested by An Employee

RECENTLY the Standard Oil Company (Indiana) announced a plan under which it is possible for its 25,000 employees to become partners in the business on a very attractive basis.

The publisher of a small newspaper, unacquainted with the motives which animate the seven men who direct the operation of the Standard Oil Company (Indiana), wrote an editorial in which he questioned the motives of this Company, and intimated that the plan was a scheme whereby the Company aimed to benefit by getting in this additional capital.

To set right this publisher, and any one else interested, the Company deems it advisable to direct attention to two outstanding features of this plan which are illuminating in this instance.

First, that to every dollar paid by the employee for the purchase of stock, the Company adds, as a gift, 50c.

Second, that participation in the plan is not obligatory, and that in no case is an employee permitted to pay in more than twenty percent of his earnings.

In formulating the employee partnership plan, the Board of Directors of the Standard Oil Company (Indiana) was inspired solely by the idea of benefiting those employees who wish, through systematic saving, to become partners in the business. It believes that the man who works and saves is climbing upward, but that the man who invests his savings wisely is climbing faster. It believes that the employee who has money invested in the business is freer of mind, more contented, and more productive than if this anchor to windward did not exist.

The idea of employee ownership of industry is in line with modern tendencies. The Standard Oil Company (Indiana) has always been a progressive organization. Its willingness to receive new ideas has put it in the lead in the petroleum industry.

The Standard Oil Company (Indiana) has developed an efficient, enthusiastic body of workers. Every employee, from the Chairman of the Board of Directors to the man who drives a tank wagon, is working steadfastly to serve the public to the best of his ability.

It is the recognition of this fact that prompted the Board of Directors to inaugurate the plan which enables the employee—whatever his position may be—to become a partner—a factor in the business.

### MANY EXPECTED TO 75TH ANNIVERSARY

Concord College Will Celebrate 75th Anniversary With Appropriate Exercises — One of the Best Known of Lutheran Institutions.

Springfield Ill.—Between 8,000 and 10,000 persons from all parts of the United States are expected here to participate in the 75th anniversary celebration of Concordia college, May 29 and 30. Concordia is one of the best known Lutheran educational institutions in the United States.

One of the chief events of the celebration will be a sacred concert Sunday afternoon when a chorus of 600 voices will render Felix Mendelssohn's "Hymn of Praise" in the state arsenal. Choirs from Bloomington, Decatur, Peoria, Quincy and St. Louis will make up the great chorus and prominent soloists from St. Louis, Chicago and other mid-western cities also will participate.

Dean J. Fritz of Concordia college, seminary, St. Louis, and Rev. R. Schuessler of Chicago will be the principal speakers on the jubilee program.

Memorial tablets honoring deceased professors of the college will be unveiled in the chapel Monday morning. The entire day will be given over to the alumni, and it is anticipated at the college that this day will see plans for a \$35,000 memorial gymnasium building take definite shape and the project officially launched.

Concordia College had a most humble beginning. It was in 1846 that the Rev. William Loehe of Neundetschau in Bavaria sent over eleven young men and an instructor to Fort Wayne, Ind., where, under the supervision of Rev. W. Sihler, D. D., pastor of Lutheran church there, the school was opened in an upper chamber of the parsonage.

It prospered. The faculty and the curriculum were enlarged. Then, to suit the needs of the church, the seminary founded in Ft. Wayne in 1846 was transferred to St. Louis in 1861.

The present site of Concordia College in Springfield was purchased by the Missouri Synod in 1873. It was then occupied by the Illinois State University and it is interesting to note that the principal dedicatory address of the state university here was delivered by Abraham Lincoln.

It was the purpose of the Missouri synod to use the newly acquired property as a college for women and as a normal school, which was to have been known as "The Evangelical Lutheran Female College and Normal School." But the female and the normal schools failed to put in their appearance, so in 1874 the pro-seminary department of Concordia Seminary in St. Louis was transferred to Springfield. The following year the theological department also was transferred here.

Concordia College today is ten buildings worth \$250,000. Prof. Louis Wessel, president of the college reports a present enrollment of 150 students.

"Virtually all the states in the United States and Canada" are represented in the enrollment," he said. "Concordia is a polyglot institution: Americans, Slovaks, Russians and Lithuanians pursue their studies here."

### CHAPLIN'S NEW COMEDY AT GRAND THEATRE TODAY

Charlie Chaplin's first venture into the field of feature comedies, "The Kid," will open at the Grand Theatre for three days showing tomorrow.

"The Kid" is a realization of an ambition which the comedian has held for years. There are but five characters of importance in it and are characterized as The Man, The Woman, The Kid, The Tramp and the Policeman. The comedian himself plays the part of the Tramp.

The Woman abandons her baby by leaving it in a limousine. Thieves steal the car and toss the baby into an ash pile, where it is found wailing by The Tramp. The Tramp raises it thru babyhood and into early childhood. The Woman has made a success on the operatic stage and devotes her life and fortune to aiding children of the slums. Thus she comes to know both the Tramp and the Kid without suspecting the latter's identity.

When it is discovered that Charlie is not the Kid's father the authorities seek to separate them, but the Tramp has spent his life evading authority and does it again. The Woman discovers that the Kid is her abandoned baby and the picture draws to a happy close.

Chaplin as a nurse, as a guardian to a precious kid, and as a reason why the police force should be increased, has one of the best comedy roles that has ever been prepared for him on the screen.

### CREDITABLE ART WORK

In the front window of the Tomlinson clothing house is a fine display of drawing done by pupils of the public schools under the direction of the art teacher, Miss Sibert. The posters already mentioned in the Journal are there; the ones for which the Woman's club offered prizes, the work to be boosting Jacksonville. In addition are samples of beginners' work in the primary grades and posters by pupils in the junior and high school grades. These show a variety of subjects and are all very meritorious.

Some of them were sent to the meeting of the Western Drawing association which met at Peoria May 3-6, and one drew a prize there. The whole display is excellent and attracted a great deal of attention from persons passing that way.

Mrs. R. O. Vasey of Woodson was up to the city yesterday.

**FORMER NEW YORK JUDGE ADVISING SIMONS SAYS BERLIN REPORT**  
It is rumored in Berlin that William H. Wadhams, former Judge of the Court of General Sessions has been acting as unofficial adviser of Foreign Minister Simons on American affairs and the attitude of the United States towards Germany.

### PROGRESS MADE IN ACCORD WITH HARDING

Says It Is Quite Within the Realm of Possibility.

Tokio, May 17.—(By The A. P.)—President Harding's idea of approximate disarmament is "quite within the realm of possibility," said the Jiji Shimpo, a leading conservative newspaper, in a new editorial discussion of the President's inaugural.

The newspaper continued: "There is something in the inauguration address that makes us reasonably expect the call of an international convention by the new Washington administration with a view to promoting the cause of armament restriction."

"The growing popularity marking the proposed triple agreement on armament limitation in America lends incentive and enthusiasm to the above proposal by the American authorities, and this, coupled with the universal sympathy with which the proposition in question is received, places the proposed scheme quite within the realm of possibility."

"Japan, which has hitherto made so much of her defense scheme, must now be prepared for the execution of most rigorous armament restriction, which is no longer an empty theory of idealists but has already assumed practical significance and importance."

**Regret Is Expressed.**  
The Jiji goes on to express regret that so much indifference towards the project has been shown by the Japanese association of the League of Nations which was recently organized in this country. It remarks: "Notwithstanding the necessity and importance of the proposed cause, the association has hitherto done practically nothing to aid it. The organization thus deprives itself of its 'raison d'etre,' since the maintenance of peace and the limitation of armament constitute the pinnacle of the aim for which the League of Nations has been called into existence."

"But it is not the Japanese association alone that is to blame in this respect. Japanese scholars and critics reveal no more sincerity than the association does in upholding the proposed cause. The activity they showed on labor and suffrage questions renders their present inactivity concerning armament all the more conspicuous, and only lays them open to criticism for their inconsistency. It is to be hoped that these scholars and critics, and the Japanese association of the League of Nations as a whole, will be awakened to the serious significance of the proposed cause and rise for its support."

**Senior Class play "MICE AND MEN" May 23rd only. Grand Opera House. Tickets on sale at Box Office, May 20 and 21.**

Mr. and Mrs. W. H. Phillips of Clark's Chapel neighborhood returned yesterday from a visit with Mrs. Phillips' sister, Mrs. Robert Clark and family of Chapin.

### GRACE CHURCH HOME MISSIONARY SOCIETY

The Woman's Home Missionary Society of Grace M. E. church held a meeting Tuesday afternoon at the home of Mrs. Isaac Moxon, 854 West College avenue. Group Eight acted as assistant hostesses.

Reports from the regular officers were read and approved. It was reported that one hundred and four dues have been paid up to date. The money for the pledge was almost all raised.

The devotions were in charge of Mrs. Charles Hopper and the theme "The Far North and the Far East" was ably handled by Mrs. Wood. Miss Eula Priest read an entertaining selection.

The following ladies were appointed as delegates to attend the district convention to be held at Virden June 1 and 2: Mrs. Sidney Jones, Mrs. W. B. Rogers, Mrs. C. E. Williamson, Mrs. Sarah Mohn, Mrs. Baxter, Mrs. W. J. Moore, Miss Laura Fox and Mrs. Charles Hopper. These ladies together, Mrs. Dora Lowermilk and Mrs. E. D. Herald who have official duties to perform, will be a fine representation. The June meetings of the Missionary Society will be held with Mrs. Ormsby Dawson, 141 Webster avenue, with the following assistant hostesses: Mrs. James Cook, Mrs. J. R. Davis, Mrs. DeMotte, Miss Amy DeMotte, Mrs. J. H. Dial, Miss Susan Draper, Miss Olivia Dunlap, Mrs. William Ellis and Mrs. S. T. Erixon.

Mrs. Charles Hopper, Press Reporter.

Mrs. Robert Rentschler of Concord called on friends in the city yesterday.

**Don't fire her!**

**IF SHE CAN'T FIND IT----**

There's many a fine system for filing letters and papers where they CAN'T be found, but mighty few so they may be located. See me about the "Y. & E." system, the best of all.

# Stewart

## AMERICA'S GREATEST TRUCK VALUE

Stewarts are made in six popular models—ready for any load—ready for any road. They adapt themselves to 90% of the requirements of American business at about 20% less than the average cost.

Stewarts cost \$200 to \$300 less to buy than the average price of other trucks.

Stewarts cost less to run—  
For thru simplified design, hundreds of really needless parts, consequently hundreds of pounds of needless weight are eliminated.

You get a stronger, simpler truck—one that is economical on oil, gasoline and tires.

Stewart Capacities:  
¾, 1, 1½, 2, 2½ and 3½ ton

Phone 6403. 5-11-1f.**

**SEED CORN—We have had a  
finest lot of well dried 1920 crop  
of seed corn that we have ever  
grown. This corn is gathered  
in the fall and placed on drying  
racks when it is very slowly  
dried down to twelve or four-  
teen per cent moisture content.  
This gives corn a very high  
vitality. We have been in the  
seed corn business in a large  
way for over thirteen years and  
have the largest and best  
equipped drying plant in the  
world. Our down town plant is  
in the center of Mason City,  
right on the hard road between  
Springfield and Peoria. It is  
well worth a trip to Mason City  
to see this corn. Price is only  
\$3.50 per bushel. Write for  
beautifully illustrated cata-  
logue. Box 44.  
W. T. Ainsworth & Sons,  
Mason City, Ill. T-1f**

## RANSON REALTY CO.

After a Hard Day's Work,  
There's no Place Like Home

What a lot of pleasure a man gets out of his own home. How he looks forward to going home and making himself comfortable after the strain of a day's work. He knows peace of mind—there is no worrying about rent in rents—no more moving—which means additional expense.

The longer you put off buying the more you will have to pay. You do not want to pay rent all your life—why not make the start now.

SPECIAL—Modern home, close in; 7 rooms and bath; south front; plenty of lot; newly papered and painted. \$3,500.00. Ask us.

THANK YOU

HOMER. L. RANSON 507 Ayers Bldg.

Decatur Man Says Tanlac Rid Him  
of Trouble of Twenty Years  
Standing

"I'm just now getting rid of a case of stomach trouble that had pulled me down for twenty years and I feel almost like a boy again," said L. D. Pletz, 1411 North Clinton street, Decatur, Ill.

"I am seventy-one years old, and this Tanlac has put me into shape where I have actually gained thirty-five pounds in weight and I'm the happiest man in Illinois today. My troubles had been pulling me down hill so long that I didn't weigh more than a hundred pounds. My stomach was in about as bad a fix as it could be and I had forgot what it was to eat a meal without suffering afterwards. I would bloat up with gas and I had a feeling like there was a lump in the pit of my stomach and pains that made me miserable all the time. My nerves were all unstrung, and my head ached till nearly set me wild. My sleep was all broken up, and as I was well up in years I realized my age was against me.

"That was the shape I was in when I decided to see what Tanlac would do in my case. It hardly seems possible what it has done for me. Why, here I am today a well man, feeling like I am starting life all over again. All the signs of stomach trouble have left me, and it makes no difference what or how much I eat, it all agrees with me. The nervousness and headaches have all gone and I put in good sound sleep every night. I feel years younger, weigh one hundred and thirty-five pounds and can do a big day's work for a man of my age."—Adv.

### THE EFFICIENT WOMAN

We hear a great deal nowadays about the efficiency of women. In the novels of fifty years ago, who ever heard a woman praised for her executive ability, force and energy, in the sense that it is used today? The frail, delicate, helpless ideal of womanhood has passed away. How is it possible to measure up to the ideals of modern womanhood? In the first place, we must keep our bodies in the best possible condition.

Thousands of women have succeeded thru daily baths, exercise in the fresh air, and Lydia E. Pinkham's Vegetable Compound at the first sign of female weakness.—Adv.

### ASBURY

Asbury Aid society will serve supper at 6 o'clock Thursday evening, May 26th at the home of Mr. and Mrs. George Newman. Everybody invited to attend.

Mrs. Carl Hembrough attended the May breakfast of the Jacksonville Woman's club last Saturday. Mr. and Mrs. Chris Dalham of Alexander and Mr. and Mrs. Herman Dalham of Franklin spent Sunday at the home of Mr. and Mrs. John C. Becker.

Mrs. Clancy Carter and son Ralph were Friday guests of Mrs. George Hembrough.

Mrs. George Barnhart and daughter Lucile of Jacksonville, Mrs. George Winter and daughters Iva and Mabel of Murrayville and Mrs. Joseph Megginson and daughter Rowena were Wednesday guests of Mrs. Joseph Helliwell.

Mr. and Mrs. Henry Reece spent one day last week with Mr. and Mrs. G. H. McKean.

Mr. and Mrs. Earl Hembrough and daughter Velma spent Sunday with Mr. and Mrs. Ralph Barrows. Mr. and Mrs. George McKean and son William spent Sunday at the home of Mr. and Mrs. William Reed.

Mr. and Mrs. George Hembrough and daughter Marie and Mr. and Mrs. Carl Hembrough motored to Roodhouse Sunday afternoon.

Misses Anella and Elizabeth Megginson returned to their home near Prentice after a pleasant visit with Mrs. McKean, Mr. and Mrs. Frank Hembrough.

Mrs. Louella Henry and sons Raymond and Leslie of Woodson were Monday guests of Mrs. C. L. Hembrough.

Ticket sale begins May 16th for the New York Philharmonic Orchestra Concert, on May 26, at the Grand Theatre. Box office open at 9 o'clock. Seats \$3.00, \$2.50, \$2.00, \$1.00.

### BIDS FOR CONCRETE INTERSECTIONS

Sealed bids will be received at the office of the city clerk in the city hall up to noon Monday, May 23, 1921, for building concrete intersections. Bidders to bid on the work by the yard. The character, amount and location of the work may be ascertained by calling at the office of E. M. Henderson, public engineer, in the city hall. All bids should be addressed to J. E. Scott, city clerk, and marked plainly on the outside of the envelope, "Bids for concrete intersections." Each bid must be accompanied by a certified check for the sum of ten per cent of the bid that the successful bidder will enter into contract and give bond for the carrying out of the work. J. E. SCOTT, City Clerk.

Senior Class play "MICE AND MEN" May 23rd only. Grand Opera House. Tickets on sale at Box Office, May 20 and 21.

### DAVIS SWITCH

Mrs. J. H. Cain was taken to Our Savior's hospital with a badly sprained and bruised ankle caused by a recent fall.

Thomas McManis and three of their children have been very sick with diphtheria but at last reports were getting better.

Mr. and Mrs. Dick Butler and family spent Monday in the city. Mrs. Edna Devore spent Sunday afternoon with Mrs. Leach.

Rev. A. E. Powell of Woodson gave a fine sermon on last Sunday in the Presbyterian church.

Mr. and Mrs. Oliver Cain of Carrollton and Mr. and Mrs. Geo. Cain of Jacksonville and Mrs. Thomas Cain and son Thomas of Denver, Colo., are guests of their parents, Mr. and Mrs. J. H. Cain, south of the city.

HEMSTITCHING  
and Picot edge work done promptly. Mail orders promptly attended to. SINGER SEWING MACHINE COMPANY

### TOURING SEASON BEGINNING AGAIN

The lure of the open road is beginning to have its annual effect and tourists are being seen passing thru Jacksonville again. Yesterday a party from Long Beach, California passed thru here. The car was equipped with all kinds of camping appliances, and the tourists themselves were prepared for traveling. Traveling in an auto appeals to that delight in vagabonding over the country, which, to a greater or less degree, is inherent in every human being. One of the great joys of motoring is found in the pleasure one gets from getting really close to nature.

Senior Class play "MICE AND MEN" May 23rd only. Grand Opera House. Tickets on sale at Box Office, May 20 and 21.

Mrs. Jesse Fuller and son were among Jacksonville arrivals from Murrayville Tuesday.

No. 46 North Side Square can be leased at a reasonable rental. Ill. phone 1404.

Sam Hansmeyer and family of Concord motored to this city Sunday and were guests of Henry Hinners and wife.

J. N. Peters, wife and Mrs. W. A. Schmitt motored to Springfield Monday.

Mrs. Howard Robinson of Versailles spent Monday with L. F. Berger and family.

### NOTICE TO CONTRACTORS

Sealed bids will be received by the City of Jacksonville, Illinois, up to the hour of seven-thirty o'clock p. m. on Monday, May 23rd, A. D., 1921, at the Council Chamber in the City Hall of the City of Jacksonville, Illinois, at which time and place they will be publicly opened for constructing the brick setting, ash pit and alterations to present floor and foundations for the Two Three Hundred Horse Power Water Tube Boilers in the Jacksonville Power Plant and Water Works. Complete detailed plans and specifications for said work may be seen in the office of the Caldwell Engineering Company, 504 Ayers Bank Building. Bids will be received for the entire work complete and not for any special section or part. Each bidder must accompany his bid with a certified check for ten per cent (10%) of the amount of the bid, the same to be forfeited in case the work is awarded to the bidder and he shall fail to execute contract and file bond as required. Payment for the work will be made in cash for eighty-five per cent (85 per cent) of the work completed each month, the final fifteen per cent (15 per cent) to be paid upon the engineer's final estimate. A bond in the sum of fifty per cent (50 per cent) of the contract price will be required for the faithful performance of duty. The right is reserved to reject any and all bids. The City of Jacksonville will furnish at the work all materials required therefor except materials for mortar and fire clay. The City of Jacksonville will set all frames, castings, buck-stays, through rods and will place them in position for the brick work. The contractor must bid with the understanding that the engineer will direct the time and manner of constructing the various parts of the work. City of Jacksonville, Illinois. By J. E. Scott, City Clerk. Caldwell Engineering Company, Engineers.

# Fordson

For thirty-five years Henry Ford, a farmer's boy, has been working on the problem of a successful tractor for the farm, and for the past four years has devoted much time and a vast amount of money to the development of the present Fordson Tractor. Today that Tractor is in use on nearly 200,000 farms and if you have any doubt as to the satisfaction it gives to those who are using it, call in and get the booklet, just issued by the Ford Motor Company, and called "The Tractor at Work" and read the testimony which is there given by the multitude of owners of Fordson Tractors. No evidence can be more conclusive than that of the man who actually knows by personal experience and this is the line of testimony carried in this little booklet. There is no cost for this booklet. If you cannot call for it, write, drop us a postal, and we will mail it to you without charge. It is so valuable you ought to have it because it is the open door through which the farmer will pass from the hard working drudge to the comparative comfort of the manufacturer. The Fordson makes it possible for the farmer to plan and direct, while the machine will do the work. It presents the widest latitude for the farmer to exercise his brain power and plan how he can get the most from the soil, knowing that the Tractor will do the hard work, do it better, do it quicker, and therefore do it more profitably. This means not alone in the cultivation of the soil, in the harvesting of the crops, but in a hundred and one different demands that are made for labor, cutting of ensilage and the filling of the silo; cutting of wood; operation of the washing machine; in the lighting of the house with electricity; supplying the house with running water; bringing to the farmer's wife and daughters the conveniences of the city, relieving them of much of the hard, unpleasant part of housework.
